Swarnim Startup & Innovation University Activity Report 2023

Institute and Department	AARIHANT HOMOEOPATHIC MEDICAL COLLEGE AND RESEARCH INSTITUTE
Activity Name / Event Name	FOOD FEST COMPETITION
Date of the event	26/09/2023
Duration	10 AM TO 12:30 PM
Participants	Students of all Years
Judge Panel	Dr. Chintan Pandya, Dr. Megha Parmar, Dr. Nidhi Bhavsar
Chief Guest	Dr. Amita V Peters
Faculty Coordinator Details (Name, Designation, Contact Details)	<p>Dr. Rakesh Kumar Sharma Prof. & HOD Community Medicine 8920205561</p> <p>Dr. Jaya Srivastava Assistant Professor Community Medicine 8318434551</p>
Number of Participants	Total 9 Teams(5 Students in each group)

Objective of the event: (why this event has organize, Brief about Importance of the

event) 1st OBJECTIVE – This event was organized with the aim to create

awareness and increase

consumption of millets as United Nations, at the behest of the Government of India, declared 2023 the International Year Millets.

2nd OBJECTIVE – To encourage students to come forward to spread awareness regarding nutritional value of Millets and create a change in eating habits of people by introducing

delicious and many new innovative dishes made out of Millet. 3rd OBJECTIVE – to learn and share information by interesting ways.

Flow of the event: mention the flow / schedule of the event in detail.

- 1) At 9:30 am all the participants gathered at venue and arranged their food items and stucked posters of nutrition.
- 2) At 10:30 a m we started the competition with the arrival of judges
- 3) Till 12:30 pm all students and faculties enjoyed healthy and nutritious food item.

Significance/Outcome:

The “FOOD FEST COMPETITION” organized on 26/09/2023 by Aarihant Homoeopathic Medical College & RI was to celebrate “International Millet Year 2023”. With the aim to create awareness and increase production & consumption of millets, United Nations, at the behest of the Government of India, declared 2023 the International Year Millets. To commemorate this, we hosted this event.

Millets have been an integral part of our diet for centuries. In addition to a plethora of health benefits, millets are also good for the environment with low water & input requirement.

So by organising this event not only the students who participated in competition learnt about importance of Millets and its types but also other students who came for enjoying delicious food learnt about the health benefits of Millets shared to them by participants. So it was fun learning session. We all enjoyed eating and came cross many delicious recipes made of Millets like cakes, chocolate cookie, thepla, millets panipuri, millets vadi, millets laddu, millets khichu, millets sprout chat and many more.

Conclusion:

ON 26/09/2023 AARIHANT HOMOEOPATHIC MEDICAL COLLEGE AND RI, organized “FOOD FEST COMPETITION” to celebrate “International Millet Year 2023”.

Its was a successful event in which all the students from first to final actively participated. There were total 9 teams . Top 3 teams were awarded with certificates. This event created an awareness towards importance of millets which was slowly getting forgotten among people despite of the great nutritious value.

Learning through Field Based Activities

SWARRNIM STARTUP & INNOVATION UNIVERSITY ACTIVITY REPORT

Institute and Department	AARIHANT HOMOEOPATHIC MEDICAL COLLEGE AND RESEARCH INSTITUTE
Activity Name / Event Name	Aids Prevention & Awareness Rally And Nukkad Natak On The Occasion Of World's Aids Day 2023 at Tintoda Villagae.
Date of the event	01/12/2023
Duration	10 AM TO 1 PM
Semester	1 ST to 4 TH BHMS STUDENTS and Interns
Faculty Coordinator Details (Name, Designation, Contact Details)	Dr. Rakesh Sharma Prof. & HOD Dept of Community Medicine Dr. Jaya Srivastava Asst. Prof. Dept of Community Medicine
Number of Participants	130 Students and 10 faculties from Aarihant Homoeopathic Medical College and RI participated

Objective of the event:

- 1) **World AIDS Day**, designated on 1 December every year since 1988, is an international day dedicated to raising awareness of the AIDS pandemic caused by the spread of HIV infection and mourning those who have died of the disease. The acquired immunodeficiency syndrome (AIDS) is a life-threatening condition caused by the human immunodeficiency virus (HIV). The HIV virus attacks the immune system of the patient and reduces its resistance to other 'diseases'. Government and health officials, non-governmental organizations, and individuals around the world observe the day, often with education on AIDS prevention and control. World AIDS Day is one of the eleven official global public health campaigns marked by the World Health Organization (WHO). So as a part of medical education many students were aware about this pandemic disease thus they can spread awareness regarding prevention of AIDS amongst the society. **Basic Aim of this event to spread awareness about AIDS disease amongst Village people.**
- 2) To spread awareness regarding this year theme- **“LET COMMUNITIES LEAD”**.
- 3) This event was organized to encourage students to participate in such activity so their communication skill would develop and in future they will become good Health Workers to serve better in Mankind.

Flow of the event: mention the flow / schedule of the event in detail

- 1) At 10.00 all students and faculties gathered at college and started our awareness campaign from college people .
- 2) We reached at Tintoda village at 10:30 am and started our rally .
- 3) After rally Intern students performed Nukkad Natak.
- 4) At 12.30 rally completed.
- 5) At 1 pm all student and faculties returned to college.

Significance/Outcome:

Students become active member of our health delivery system and participant of noble work. They understand the field work done by a doctor related to promotion, awareness, prevention apart from treatment.. Student's communication skills and confidence developed due to such event.

Conclusion:

ON 01/12/2023 on the occasion of World AIDS day AARIHANT HOMOEOPATHIC MEDICAL COLLEGE AND RESEARCH INSTITUTE organized AIDS prevention Rally and Nukkad Natak at Tintoda Village. Basic Aim of this event to spread awareness about AIDS disease amongst Village people and also this year theme- 'LET COMMUNITIES LEAD'. It also encourage students to participate in such activity so their communication skill would develop and in future they will become good Health Workers

serve better in Mankind. 130 students and 10 faculties were participated in this Awareness Program.

National Doctor's Day- 1st July 2021

National Doctors' Day is celebrated on **July 1**, in India, to mark the birth and honour the contributions of renowned physician and former West Bengal chief minister **Dr Bidhan Chandra Roy**. The first National Doctors' Day was celebrated in the year 1991.

On this day, Aarihant Homoeopathic Medical College & Research Institute organized a Homoeopathic Health Checkup Camp in the nearby village **Tintora**, along with a Door-to-door awareness visit under Community Medicine Department of the College in first half time slot of College.

In the camp, 66 Students of 4th Year, along with 6 faculties, 3 Medical Officers and 4 Auxiliary Hospital Staff were present. Approx 150+ patients were attended and given medicines. Also, door-to-door awareness and health survey was done by students under the Guidance of Faculties of Community Medicine department of the College.

In other half time slot, College organized an event celebration of National Doctors day. The Event was inaugurated by The Principal and HODs' of the College by their speeches to encourage the students to succeed in their life and responsibilities of a doctor. 2nd and 3rd Year students performed group dance and solo and group singing performance in the event.

Swarnnim Startup & Innovation University Activity Report 2024

Institute / Department	Swarnnim Startup & Innovation University
Activity / Event Name	Awareness Campaign on World Breastfeeding Week 1 st -7 th August
Date of the event	05/08/2024
Duration	2 hrs
Location	Uvarsad Village
Participant's Branch/Institutes	Homoeopathy
Total Number of Participants	56
Full Name of Mentor/Principal with designation	Prof. Dr. Amita V. Peter Principal
Faculty Coordinator Details (Name, Designation, Contact Details)	<p>Dr Jaya Srivastava Assistant Prof. Department of Community Medicine</p> <p>Dr. Vishal Shukla Assistant Professor Department of Practice Of Medicine</p> <p>Dr. Disha Shrotriya Assistant Prof. Dept. of Repertory.</p> <p>Dr. Hiral Patel Medical Officer Aarihant Homoeopathic Hospital.</p>

Objective of the event:

World Breastfeeding Week Awareness Campaign objective is to promote and support breastfeeding practices. Objective of awareness campaign at Uvarsad was to-

1. **To create awareness about this year theme - Closing the gap: Breastfeeding support for all.**
2. **Increase Awareness:** Educate the public about the benefits of breastfeeding for both infants and mothers. This includes emphasizing its role in improving health outcomes and supporting maternal well-being.
3. **Advocating for Supportive Environments:** Educating family members to provide healthy environment in support of breastfeeding.
4. **Promoting Breastfeeding Education:** Enhance knowledge about breastfeeding techniques, the importance of early initiation, and the value of exclusive breastfeeding for the first six months.
5. **Addressing Barriers:** Identify and address common challenges and barriers to breastfeeding, including social, economic, and healthcare-related obstacles.
6. **Celebrating Success Stories:** Highlight and share positive breastfeeding stories and practices from different communities to inspire and encourage others.

Flow of Event:

- At 10 am departed from college.
- At 10:15 am started our door to door awareness campaign at Uvarsad Village.
- At 12 pm departed from village.

Significance/Outcome:

- **Personalized Engagement:** Direct interaction allows for personalized conversations which helps to address specific concerns or questions individuals may have about breastfeeding, making the advice more relevant and impactful.
- **Overcoming Barriers:** Many people face barriers to accessing information, such as lack of transportation, work commitments, or geographic isolation. Door-to-door outreach can reach those who might not otherwise receive breastfeeding education and support.
- **Encouraging Action:** Personal visits has prompt immediate action and provide practical assistance, such as connecting families.
- **Gathering Feedback:** Direct interactions provide an opportunity to collect feedback from the community about their needs and challenges related to breastfeeding. This feedback can help tailor future initiatives and support services.

Conclusion

The door-to-door awareness campaign during World Breastfeeding Week 1st – 7th August organized on 5th August at Uvarsad Village proved essential for fostering a supportive environment for breastfeeding. By delivering personalized information and addressing specific community needs, this approach effectively overcomes barriers to accessing vital breastfeeding support. It builds up trust, promotes immediate action, and encourages the local support networks. Additionally, it provides valuable feedback to refine future initiatives. Ultimately, such grassroots efforts empower families with knowledge and resources, significantly enhancing breastfeeding practices and health outcomes for mothers and infants alike.
