Institute And Department	Aarihant Homoeopathic Medical College & Research Institute
Activity Name / Event Name	Dental Infections: Causes, Symptoms, and Advanced Treatment Options
Date Of The Event	01/08/2024
Duration	11PM TO 1PM
Semester	3 RD BHMS
Expert Details	Dr Preeti Nair
Faculty Coordinator Details (Name, Designation, Contact Details)	Dr Vineeta Neeraj Kumar Assistant Professor Dep Of Surgery
Numberof Participants	67 (3 rd B.H.M.S) Students

Objective:

1. Educate attendees on the causes, symptoms, and treatment options for dental infections.
2. Discuss prevention strategies and lifestyle modifications for reducing the risk of dental infections.
3. Provide a platform for Q&A and discussion.

Agenda:

I. Introduction

- Definition and prevalence of dental infections
- Importance of effective management and prevention

II. Causes and Symptoms of Dental Infections

- Types of dental infections (abscesses, periodontal infections, peri-implantitis)
- Symptoms (pain, swelling, fever, bad breath)
- Risk factors (poor oral hygiene, diabetes, smoking)

III. Conventional Treatment Options

- Antibiotics and pain management
- Surgical interventions (drainage, extraction)
- Limitations and side effects of conventional treatments

IV. Advanced Treatment Options

- Laser therapy
- Platelet-rich plasma (PRP) therapy
- Stem cell therapy

V. Prevention Strategies

- Oral hygiene practices (brushing, flossing, rinsing)
- Dietary changes (reducing sugar, increasing calcium)
- Regular dental check-ups

VI. Case Studies and Panel Discussion

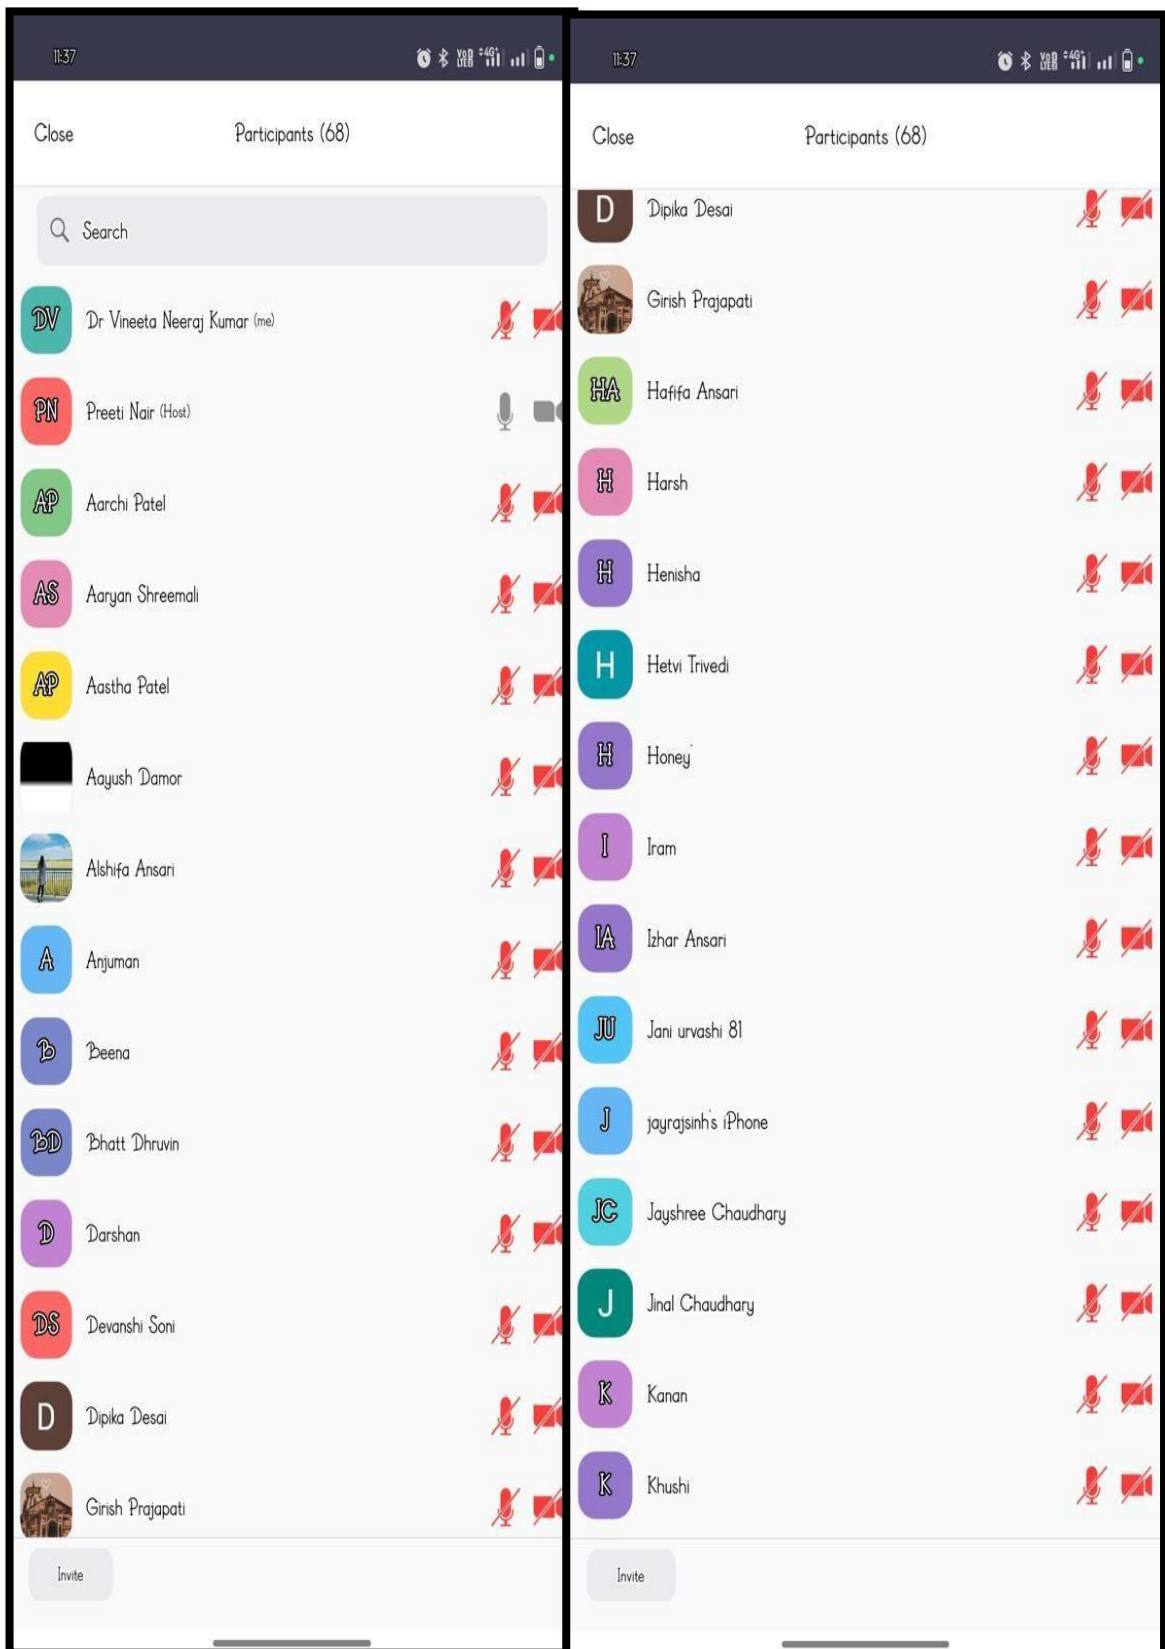

- Real-life examples of dental infection management
- Panel discussion with experts from various fields

CONCLUSION

A webinar was arranged in Aarihant homoeopathic medical college & RI. Dr Preeti Nair has given fruitful information on dental infection to our students. 67 student have attended the webinar.

Key Takeaways:

1. Dental infections are a serious concern, affecting millions worldwide.
2. Early detection and treatment are crucial for preventing complications.
3. Advanced treatment options, such as laser therapy and PRP, offer promising results.
4. Prevention strategies, including good oral hygiene and regular check-ups, are essential.
