Introduction about the activity:

The seminar on “Career Counseling for Future Studies” was organized to provide students with essential guidance on choosing and planning their future academic and career paths. The event aimed to inform participants about various educational opportunities, career prospects, and strategies for achieving their academic and professional goals.

Session Highlights:

- **Welcome and Opening Remarks:** The seminar commenced with a welcome address by Prof. Himanshu Chhaya, who introduced the objectives of the seminar and provided an overview of the schedule.

- **Exploring Career Paths:** Prof. Himanshu Chhaya presented an overview of various career paths, highlighting traditional and emerging fields. The session covered careers in science, technology, engineering, arts, humanities, business, and more, emphasizing the importance of aligning career choices with personal interests and strengths.
- **Educational Pathways and Qualifications:** A detailed session on educational pathways was conducted by Prof. Himanshu Chhaya. This included information on undergraduate and postgraduate programs, vocational training, online courses, and certifications. The speaker also discussed the importance of choosing the right institution and program.
- **Application Processes:** Prof. Himanshu Chhaya provided practical advice on the application processes for higher education institutions. This covered tips on preparing a strong application, writing personal statements, securing recommendation letters, and preparing for entrance exams.
- **Skill Development and Extracurricular Activities:** A segment focused on the importance of skill development and extracurricular activities. Prof. Himanshu Chhaya discussed how participating in clubs, internships, volunteer work, and other activities can enhance a student's profile and prepare them for future studies and careers.
- **Funding and Scholarships:** Information on funding options and scholarships was provided by Prof. Himanshu Chhaya. This included guidance on how to find and apply for scholarships, grants, and other financial aid opportunities.
- **Success Stories and Professional Insights:** A panel of professionals shared their career journeys and the educational paths they took to achieve success. This segment aimed to inspire and motivate students by providing real-life examples of how education and career planning can lead to fulfilling careers.
- **Interactive Q&A Session:** The seminar concluded with an interactive Q&A session, allowing participants to engage with the speakers, ask questions, and seek personalized advice. This segment was highly engaging and provided valuable insights to the attendees.

The seminar on “Career Counseling for Future Studies” concluded with closing remarks by Prof. Himanshu Chhaya, who expressed gratitude to the speakers, organizers, and participants. Feedback from attendees indicated that the seminar was informative, practical, and beneficial for their academic and career planning.

A handwritten signature in blue ink, appearing to read "Himanshu Chhaya".

Introduction about the activity:

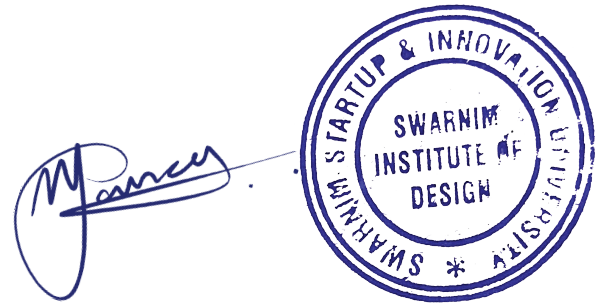

The seminar on “Career Counseling for Higher Education” was organized to provide students with guidance and support in planning their higher education and subsequent career paths. The event aimed to help participants understand the various educational opportunities available, the application process, and the alignment of their academic pursuits with career goals.

Session Highlights:

- **Welcome and Opening Remarks:** The seminar began with a welcome address by Ar. Smit Vyas, who introduced the objectives of the seminar and provided an overview of the schedule.

- **Understanding Higher Education Paths:** Ar. Smit Vyas presented an overview of different higher education paths, including undergraduate and postgraduate programs, vocational training, and online education. The session emphasized the importance of choosing a path that aligns with personal interests and career goals.
- **Educational Qualifications and Requirements:** A detailed session on the qualifications and requirements for various higher education programs was conducted by Ar. Smit Vyas. This included information on prerequisite courses, standardized tests, and other admission criteria.
- **Application Process:** Ar. Smit Vyas provided practical advice on navigating the application process for higher education institutions. Topics covered included preparing application materials, writing personal statements, obtaining recommendation letters, and preparing for interviews and entrance exams.
- **Skills and Competencies:** The seminar included a segment on the essential skills and competencies needed for success in higher education and beyond. Ar. Smit Vyas discussed critical thinking, research skills, time management, and the importance of extracurricular activities.
- **Funding and Scholarships:** Information on funding options and scholarships was provided by Ar. Smit Vyas. This session covered how to research and apply for scholarships, grants, and other financial aid opportunities to support higher education pursuits.
- **Career Alignment and Planning:** Ar. Smit Vyas discussed the importance of aligning higher education choices with long-term career goals. This included advice on selecting majors, exploring career options, and planning for internships and work experiences.
- **Success Stories and Professional Insights:** A panel of professionals shared their educational and career journeys, highlighting how their higher education choices impacted their career paths. This segment aimed to inspire and motivate participants by providing real-life examples of success.
- **Interactive Q&A Session:** The seminar concluded with an interactive Q&A session, allowing participants to engage with the speakers, ask questions, and seek personalized advice. This segment was well-received and provided valuable insights to the attendees.

The seminar on “Career Counseling for Higher Education” concluded with closing remarks by Ar. Smit Vyas, who thanked the speakers, organizers, and participants. Feedback from attendees indicated that the seminar was informative, practical, and beneficial for their higher education planning.

Activity Report

School	Swarnim Science College		
Activity Type/Title	Carrier Counseling: Effective Career in Pharmacy		
Date	5/02/2020	Duration	1 day
Semester	BSc/Msc- 5,6	No. of Students	35
Name of the speaker with Designation	Deepak Godaliya, President- Technical Operation		
Name of Organization	Emcure Pharmacy		
Faculty Coordinator	Bansari Vaghasiya		

Introduction

Emcure Pharmaceuticals, a prominent name in the Indian pharmaceutical industry, has made significant strides in research, manufacturing, and marketing of a wide range of pharmaceutical products. Established in 1981, the company is known for its commitment to innovation and its focus on affordable healthcare. With a diverse portfolio that includes formulations, active pharmaceutical ingredients (APIs), and biotechnology, Emcure continues to contribute to global healthcare.

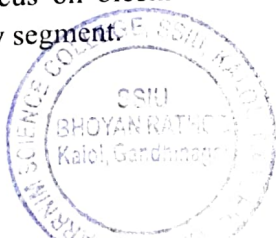

In this report, insights shared by Mr. Deepak Gondaliya, an industry expert, will shed light on Emcure's growth, strategies, and its role in the evolving pharmaceutical landscape.

Company Overview

Emcure Pharmaceuticals has a presence in more than 70 countries, and its products cover various therapeutic segments such as cardiology, oncology, gynecology, and pain management. The company's mission is centered around delivering high-quality, affordable healthcare solutions while continually advancing pharmaceutical innovation. Mr. Gondaliya noted that Emcure's vertical integration—ranging from API production to final formulation—has been a critical factor in maintaining cost efficiency and product quality.

Innovation and Research

According to Mr. Gondaliya, one of Emcure's key strengths lies in its commitment to research and development (R&D). The company has invested heavily in developing new formulations, drug delivery systems, and biosimilars. Emcure's R&D capabilities are spread across multiple centers equipped with state-of-the-art technology, which enable the company to maintain a competitive edge in an increasingly crowded market. The focus on biosimilars has allowed Emcure to explore new therapeutic avenues, especially in the oncology segment.

 Bansari Vaghasiya

Mr. Gondaliya emphasized that innovation has been at the core of Emcure's business strategy. The company has made significant advances in drug delivery mechanisms, which improve patient compliance and treatment outcomes. This continuous innovation has allowed Emcure to introduce affordable alternatives to expensive therapies, making healthcare accessible to more people globally.

Manufacturing Excellence

Emcure operates several world-class manufacturing facilities, which adhere to stringent international regulatory standards. Mr. Gondaliya highlighted the importance of these facilities in ensuring product quality and scalability. The company's manufacturing units are approved by major regulatory bodies, including the U.S. FDA, UK MHRA, and TGA Australia, allowing it to export its products to various international markets.

One of the key strengths of Emcure's manufacturing process is its integration of automation and technology, which ensures consistency, quality control, and timely delivery. The company's expertise in handling complex molecules and formulations has made it a trusted partner for global pharmaceutical giants in contract manufacturing and product development.

Global Presence and Market Expansion

Mr. Gondaliya also pointed out Emcure's impressive global footprint. With operations in North America, Europe, Asia, and Africa, Emcure has successfully navigated the challenges of entering new markets while maintaining its core values of quality and affordability. The company has strategically expanded through partnerships, acquisitions, and organic growth, which have allowed it to compete in highly regulated markets such as the U.S. and Europe.

In addition to its international success, Emcure remains deeply committed to its domestic market in India. By launching products that cater to local healthcare needs and pricing them affordably, Emcure has maintained a strong market presence, particularly in rural areas where access to healthcare is limited.

Challenges and Adaptation

While Emcure's growth story is impressive, Mr. Gondaliya acknowledged that the company, like many in the pharmaceutical industry, faces challenges. Regulatory scrutiny, intense competition, and the need for continuous innovation are just a few of the hurdles Emcure must navigate. However, the company's robust R&D efforts and commitment to quality have allowed it to adapt to these challenges successfully.

Additionally, the evolving healthcare landscape, marked by rising demand for personalized medicine and complex therapies, requires pharmaceutical companies to remain agile and innovative. Mr. Gondaliya emphasized that Emcure is well-positioned to meet these challenges through its strong focus on biosimilars and advanced drug delivery systems.

Corporate Social Responsibility (CSR)

Swarnim Startup & Innovation University

Swarnim Science College

Career Counselling – 2019-20

Emcure Pharmaceuticals has also made significant contributions to social causes, aligning its business practices with its commitment to corporate social responsibility. Through various initiatives, the company focuses on improving access to healthcare, education, and environmental sustainability. Mr. Gondaliya highlighted Emcure's efforts to make lifesaving medicines available in underprivileged areas and its proactive approach to addressing social challenges.

Future Outlook

Looking ahead, Mr. Gondaliya expressed confidence in Emcure's ability to sustain its growth trajectory. The company plans to continue expanding its biosimilar portfolio and focus on high-growth therapeutic areas such as oncology and neurology. With increasing demand for affordable healthcare solutions globally, Emcure is well-positioned to seize new opportunities and remain a key player in the pharmaceutical industry.

Conclusion

Mr. Deepak Gondaliya's insights into Emcure Pharmaceuticals highlight the company's commitment to innovation, quality, and affordability. From its strong R&D capabilities to its global market presence, Emcure has established itself as a leader in the pharmaceutical industry. By staying true to its mission of delivering high-quality healthcare to all, Emcure continues to contribute significantly to the betterment of global health.

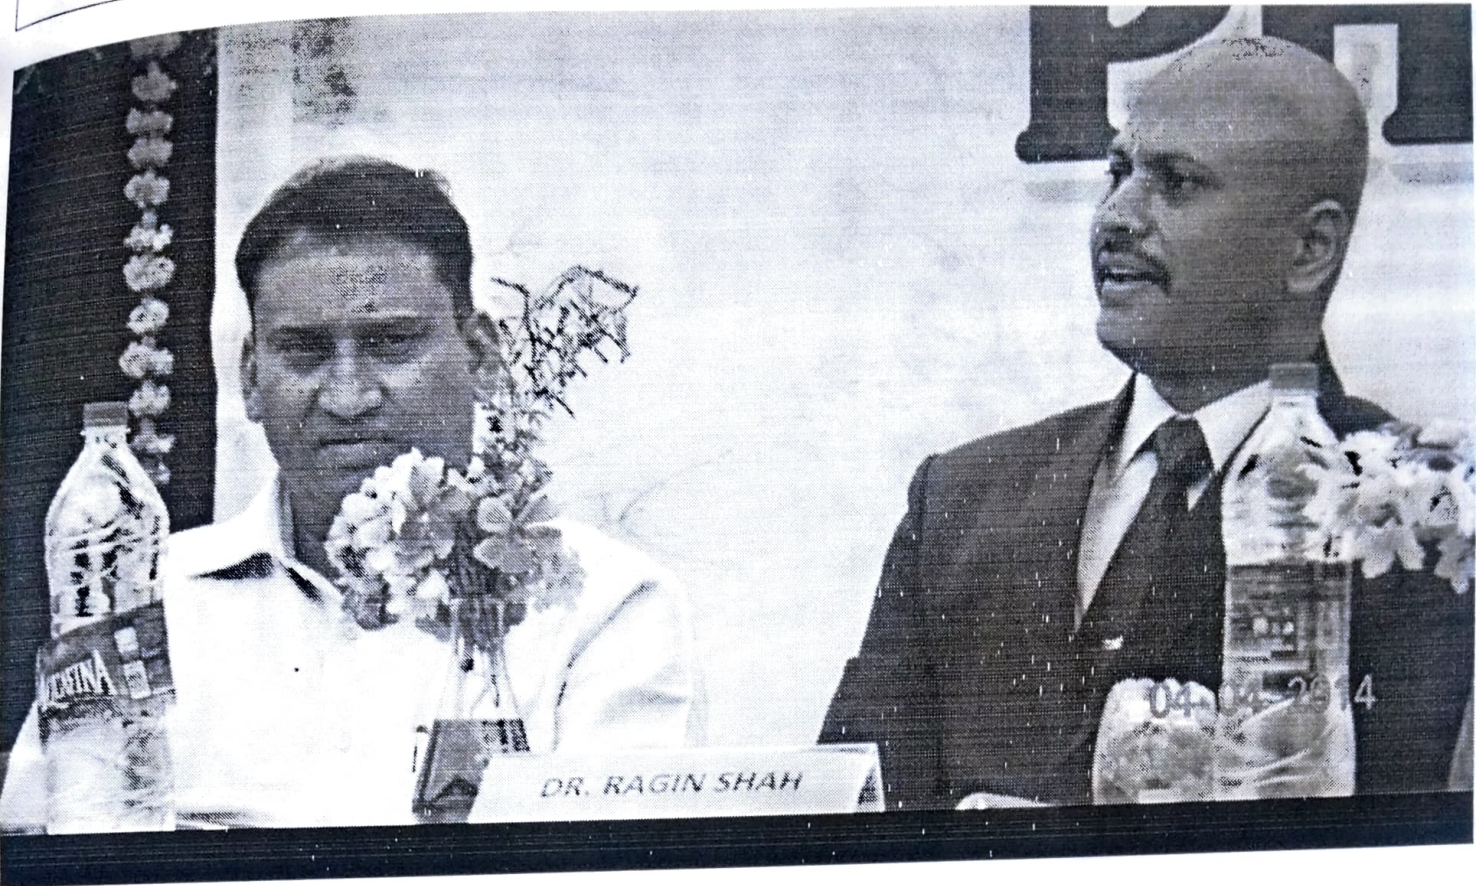

With a promising future driven by innovation and strategic market expansion, Emcure is poised to play an even more prominent role in the global pharmaceutical landscape. This report serves as a testament to the company's achievements and the vision shared by leaders like Mr. Gondaliya.

Activity Report

School	Swarnim Science College		
Activity Type/Title	Career Counseling: Major Challenges in Industries post covid		
Date	01/12/2020	Duration	1 day
Semester	BSc 6	No. of Students	24
Name of speaker with Designation	Ms Kruti Patel, Founder of She & We		
Name of Organization	Start-up Cell, SSIU		
Faculty Coordinator	Ms. Hemali Kachadiya		

Speaker: Kruti Patel

Introduction

The COVID-19 pandemic has reshaped the global economy, leaving a lasting impact on industries across the world. As countries begin to recover from the crisis and move past lockdowns, industries are facing new challenges that will require adaptation and resilience. In this report, Ms. Kruti Patel, an expert in business strategy and market analysis, shares her insights into the major challenges industries will confront in the post-pandemic landscape.

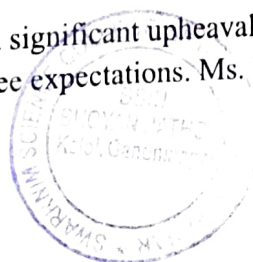

1. Supply Chain Disruptions

One of the most immediate and visible effects of the pandemic has been the disruption of global supply chains. Ms. Patel pointed out that industries reliant on international supply chains, such as manufacturing, automotive, and technology, continue to face delays in production due to shortages in raw materials, transportation bottlenecks, and border restrictions. The dependence on global networks has made businesses vulnerable to unforeseen disruptions, causing delays and increasing costs.

In the post-COVID environment, businesses will need to rethink their supply chain strategies, focusing on building more resilient, diversified, and localized supply chains. Companies will likely move away from just-in-time manufacturing models and towards stockpiling critical materials or diversifying their supplier base.

2. Labor Market Fluctuations

The pandemic caused significant upheaval in the labor market, with mass layoffs, remote work, and a shift in employee expectations. Ms. Patel highlighted that industries like retail, hospitality,

 Ms. Hemali Kachadiya
 Faculty Coordinator

and healthcare are struggling to rehire workers due to shifting labor dynamics. The rise of remote work has created an imbalance in demand for certain skills, leaving industries dependent on physical labor at a disadvantage.

Post-pandemic, industries will need to navigate labor shortages, upskill workers, and accommodate hybrid or remote work environments. Companies must adapt by offering flexible work arrangements, competitive wages, and training opportunities to attract and retain top talent.

3. Digital Transformation and Technology Gaps

Ms. Patel emphasized that the acceleration of digital transformation during the pandemic exposed significant technology gaps in many industries. Businesses were forced to rapidly adopt digital solutions for remote work, e-commerce, and customer engagement, but not all companies were prepared for this shift. Industries such as education, healthcare, and retail had to quickly pivot to digital platforms, and this trend will continue to shape the post-pandemic business landscape.

Industries that lag behind in digital adoption will face difficulties staying competitive. Ms. Patel pointed out that companies must invest in technology infrastructure, automation, and cybersecurity to not only meet customer expectations but also to increase operational efficiency. The future of work and business is increasingly digital, and industries must bridge the technology gaps to remain viable.

4. Financial Strain and Cash Flow Issues

The economic impact of the pandemic has left many businesses facing severe financial strain. Ms. Patel discussed how industries like travel, hospitality, and small businesses experienced significant losses in revenue due to prolonged closures and reduced consumer spending. Many companies depleted their reserves and took on additional debt to stay afloat during the crisis.

In the post-lockdown period, these industries will need to focus on recovering cash flow, managing debt, and seeking new sources of revenue. Financial sustainability will be critical as industries work to stabilize their operations. Businesses may need to explore new business models, renegotiate contracts, and secure additional investments to recover from the financial strain caused by the pandemic.

5. Shifts in Consumer Behavior

Consumer behavior has undergone a dramatic shift during the pandemic, with increased demand for online shopping, home delivery services, and contactless payment options. Ms. Patel explained that industries will need to adapt to these changes in consumer preferences,

particularly in retail, food service, and entertainment. The growth of e-commerce and the decline in brick-and-mortar shopping will force traditional retailers to rethink their business models.

Post-pandemic, businesses must prioritize customer experience by enhancing their online presence, improving logistics, and offering personalized, omnichannel experiences. Ms. Patel suggested that companies invest in understanding evolving consumer needs and developing strategies to meet those demands, such as adopting more sustainable practices and offering flexible services.

6. Health and Safety Regulations

The pandemic has permanently altered health and safety expectations across all industries. Ms. Patel noted that industries such as manufacturing, logistics, and healthcare will need to maintain stringent safety protocols to protect workers and customers. Regulatory requirements surrounding hygiene, social distancing, and workplace safety will continue to evolve, creating an additional layer of complexity for businesses.

Industries must stay informed about new health regulations and be proactive in implementing safety measures. Businesses will need to invest in health and safety technologies, such as contactless systems, personal protective equipment, and sanitation procedures, to ensure compliance and build trust with both employees and customers.

7. Environmental and Sustainability Considerations

Ms. Patel also discussed the growing focus on environmental sustainability in the post-COVID world. The pandemic highlighted the vulnerability of global supply chains and the need for industries to adopt more sustainable practices. There is increasing pressure on businesses to reduce their carbon footprint, adopt circular economy principles, and minimize waste.

Industries will face challenges in balancing sustainability goals with economic recovery. Ms. Patel suggested that businesses can turn sustainability into an opportunity by investing in green technologies, sourcing sustainable materials, and promoting eco-friendly products. Governments and consumers are increasingly demanding environmentally responsible business practices, and industries that ignore this trend may face reputational and financial risks.

8. Geopolitical Uncertainty and Trade Barriers

The post-pandemic recovery is taking place against a backdrop of increasing geopolitical uncertainty. Ms. Patel noted that trade tensions, shifting alliances, and protectionist policies are creating challenges for industries that rely on global trade. Tariffs, trade restrictions, and political instability can disrupt business operations, especially for industries like technology, automotive, and agriculture.

Swarnim Startup & Innovation University

Swarnim Science College

Career Counselling -2020-21

Industries must remain agile and flexible in their approach to global markets. Ms. Patel recommended that companies diversify their market presence, explore new trade partnerships, and stay informed about geopolitical developments that could impact their operations.

Conclusion

As Ms. Kruti Patel outlined, the post-COVID landscape presents significant challenges for industries across the board. From supply chain disruptions to labor shortages and the need for digital transformation, businesses must navigate a complex environment that requires innovation and adaptability. Health and safety concerns, financial strain, and shifts in consumer behavior further complicate the recovery process.

However, these challenges also present opportunities for industries to rethink their strategies, embrace sustainability, and invest in new technologies. By remaining agile, industries can overcome the hurdles of the post-pandemic world and emerge stronger, more resilient, and better equipped to thrive in the future.

Venus institute of physiotherapy

Institute / Department	Venus institute of physiotherapy
Activity / Event Name	Seminar on career opportunities of physiotherapy
Date of the event	19/12/2020
Duration	Start on 10;30am
Location	Seminar hall swarnnim university
Participant's Branch/Institutes	Venus institute of physiotherapy
Full Name of Speaker	Saikat Bhowmik (Assistant Manager, Business Development, IDP Education)
Total Number of Participants	35
Full Name of Principal	Dr. Arvind chauhan (Principal of Physiotherapy department)
Faculty Coordinator Details	Dr.Purvagor, Dr. Ahmad Noor

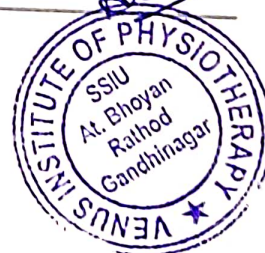

Date: 19/12/2020

Time: 10:30 AM onwards

Organizer: Venus Institute of Physiotherapy

Speaker: Saikat Bhowmik (Assistant Manager, Business Development, IDP Education)

Checked Ok

Purpose of the Seminar

The primary objective of the seminar was to enlighten students about the various career opportunities available in the field of physiotherapy. With the increasing demand for physiotherapists in various sectors, it was imperative to provide students with insights and guidance on how to navigate their career paths effectively.

Speaker Profile

SaikatBhowmik, the guest speaker for the seminar, is an Assistant Manager in Business Development at IDP Education. His extensive experience in education and career counseling provided valuable insights into the career prospects and opportunities for physiotherapy students.

Agenda

1. **Introduction and Welcome Address**
 - Opening remarks by Dr Arvind chauhan
 - Introduction of the speaker
2. **Overview of Physiotherapy as a Profession**
 - Current trends and demand in the healthcare sector
 - Various roles and responsibilities of a physiotherapist
3. **Career Opportunities in Physiotherapy**
 - Employment opportunities in hospitals, clinics, sports centers, and private practice
 - Emerging fields and specializations within physiotherapy
4. **Educational Pathways and Certifications**
 - Essential qualifications and certifications required
 - Importance of continuous education and professional development
5. **International Opportunities**
 - Studying and working abroad
 - Scholarships, fellowships, and international programs
6. **Q&A Session**
 - Interactive session with students

Checked Ok

- Addressing queries and providing personalized guidance

Key Highlights

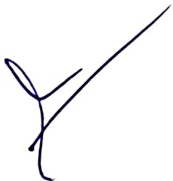

- **Attendance:** The seminar was attended by over 100 students and faculty members.
- **Interactive Session:** The Q&A session was highly engaging, with students actively participating and seeking advice on various career-related queries.
- **Feedback:** Post-seminar feedback indicated that attendees found the session extremely informative and beneficial for their career planning.

Conclusion

The seminar on "Career Opportunities in Physiotherapy" was a significant step towards providing students with a comprehensive understanding of the professional landscape of physiotherapy. The insights shared by Mr. SaikatBhowmik were invaluable in helping students chart their career paths and explore the vast opportunities available in this field.

Acknowledgments

We extend our heartfelt thanks to Mr. SaikatBhowmik for his time and expertise. We also thank all the attendees for their active participation and the organizing committee for their efforts in making this seminar a success.

Date: 12/09/ 2020

Time: 9:30 AM to 12:30 PM

Venue: Seminar Hall, Swarnnim Startup and Innovation University

Expert: Mr. Vijay Sharma

Number of Participants: 27

Agenda:

1. **Introduction (9:30 AM - 9:45 AM)**
 - Welcome Address
2. **Session on Higher Education Options (9:45 AM - 10:45 AM)**
 - Overview of Postgraduate Programs in Physiotherapy
 - Opportunities in Research and Academic Fields
3. **Break (10:45 AM - 11:00 AM)**
4. **Competitive Exams Guidance (11:00 AM - 12:00 PM)**
 - Importance of Competitive Exams in Physiotherapy
 - Preparation Strategies for Exams like NEET-PG, AIIMS-PG, etc.
5. **Interactive Q&A Session (12:00 PM - 12:30 PM)**
 - Open Floor for Questions
 - Closing Remarks

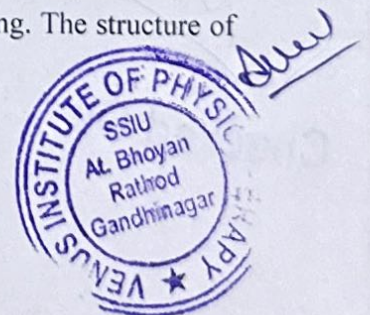

The International English Language Testing System (IELTS)

The International English Language Testing System, commonly known as IELTS, is a globally recognized standardized test designed to assess the English language proficiency of non-native English speakers. Administered by the British Council, IDP: IELTS Australia, and Cambridge Assessment English, IELTS is accepted by educational institutions, employers, professional bodies, and government agencies worldwide as proof of English language proficiency for various purposes.

Structure and Components

IELTS is available in two versions: Academic and General Training. The structure of both versions is similar, with four main components:

Checked Ok

1. **Listening:** This section evaluates a candidate's ability to understand spoken English in various contexts, such as conversations, monologues, and discussions. It consists of four sections, with ten questions each.
2. **Reading:** The reading test assesses the candidate's ability to understand written English texts. The Academic version includes three long texts ranging from descriptive and factual to discursive and analytical, while the General Training version includes extracts from books, magazines, newspapers, notices, advertisements, and company handbooks.
3. **Writing:** In this section, candidates are required to demonstrate their ability to write responses to given prompts. The Academic Writing module requires candidates to describe and interpret graphical data and to write a short essay in response to an argument or problem. The General Training Writing module requires candidates to write a letter in response to a given situation or issue and to write an essay in response to an argument or problem.
4. **Speaking:** The speaking test assesses the candidate's spoken English proficiency. It is a face-to-face interview conducted by a certified examiner and consists of three parts: an introduction and interview, a short individual presentation on a familiar topic, and a discussion.

Scoring

IELTS results are reported on a nine-band scale. Each band corresponds to a level of English proficiency, from non-user (band score 1) to expert (band score 9). The overall band score is the average of the four component scores, rounded to the nearest half or whole band. Different organizations and institutions may have specific band score requirements for admission, employment, or immigration purposes.

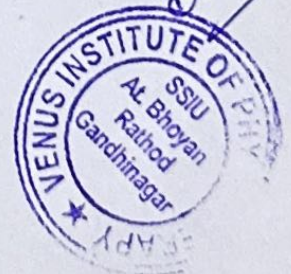

Uses and Importance

IELTS scores are widely accepted by educational institutions around the world for admission to undergraduate and postgraduate programs. Many professional organizations and employers also use IELTS scores to assess the English language proficiency of candidates seeking employment or professional certification. Additionally, some governments and immigration authorities require IELTS scores as part of the visa application process for studying or working abroad.

Preparation and Tips

Preparation for the IELTS test typically includes familiarizing oneself with the test format, practicing sample questions, and improving overall English language skills through reading, listening, writing, and speaking activities. Taking practice tests under

Checked Ok

timed conditions can help candidates build confidence and improve their test-taking strategies.

Some tips for success in the IELTS test include:

- **Understanding the Test Format:** Familiarize yourself with the structure and timing of each section of the test.
- **Practice Regularly:** Regular practice with sample questions and mock tests can improve your familiarity with the types of questions and tasks you will encounter.
- **Focus on Weak Areas:** Identify your weaknesses in reading, writing, listening, or speaking and allocate more time to improving those areas.
- **Time Management:** During the test, manage your time effectively to ensure you complete all sections within the allocated time.
- **Seek Feedback:** If possible, seek feedback from teachers, tutors, or peers on your speaking and writing skills to identify areas for improvement.

Conclusion

In conclusion, IELTS plays a crucial role in assessing and demonstrating English language proficiency for individuals seeking educational, professional, or migration opportunities abroad. By understanding the test format, practicing regularly, and focusing on improving weaker areas, candidates can maximize their chances of achieving their desired band scores and reaching their academic and career goals.

2	1723003014	JIMIT ASHOKBHAI PATEL	Jimit
3	1723003015	SHUBHAM SHAILESHBHAI KOLADIYA	S.S. Koladiya
4	1723003018	HARSHIVARDHAN MUKESHBHAI GURJAR	H. Gurjar
5	1825003003	ZEEL RABARI	Zeel
6	1723001003	YASH RAJUBHAI GANDHI	Yash
7	1723001004	DEPP RAMESHBHAI SUTHAR	Depp
8	1723001005	RUSHI BHARATBHAI RAVAL	Rushi
9	1723001007	DISHANT SANJAYBHA MALLICK	D. Mallik
10	1722003011	PATEL TAPAN DARPANBHAI	Tapan
11	1825001001	PATEL CHETAN SHANTIBHAI	Chetan
12	1723004005	MEHTA ADITYA BHARAT	Aditya
13	1723004013	KAPADIYA HARDIK S.	Hardik
14	1723004023	JAGANI JEETKUMAR K.	Jeet
15	1723004033	Balas Hiren P.	Hiren
16	1723005001	ROZATKAR AKSHAY GANESH	A.G.R.
17	1723005006	PATEL VISHAL DASHRATHBHAI	Vishal
18	1723005007	MANSURI PARVEZ MOHAMMEDBHAI	Parvez M.
19	1825005002	MOHAMMAD AFAZAL	Afzal
20	1723008025	MAURYA TANMAY RAMESH	Tanmay
21	1723008029	MEVADA MANTHAN HARISHBHAI	Manthan
22	1822003002	BADAL KUSHAL DALSUKBHAI	Kushal
23	1723008039	SANJAY TOMAR	Sanjay
24	1825008002	TRIPATHI SAURAV SHRIKANT	Saurav
25	1822003024	MEGHPARA HAPPY DINESHBHAI	Happy
26	1825009008	NIMJE NIKHIL	Nikhil
27	1825009010	PRAJAPATI DAXESHKUMAR KAUSHIKBHAI	Dax.
28	1825009012	JOSHI NISHANT	Nishant
29	1723004021	RAMTEKE NIDHI UPENDRA	Nidhi
30	1723004022	THAKER KAUSHIKI R.	Kaushiki
31	1723004023	JAGANI JEETKUMAR K.	Jeet
32	1723004024	DAVE HARDI BIMAL	Hardi
33	1723008034	PATHAN SAKIBKHAN SARVARKHAN	Sakib
34	1723008038	DESAI RIYA	Riya
35	1723008039	SANJAY TOMAR	Sanjay
36	1825008002	TRIPATHI SAURAV SHRIKANT	Saurav
37	1723001001	PARSIYA PRATHAM DINESHBHAI	Pratham
38	1723001002	PRAJAPATI TEJASKUMAR VINODBHAI	Tej
39	1822003035	PANICKER SUVESH SUDARSANAN	S.S. Panicker
40	1723001004	SUTHAR DEEP RAMESHBHAI	Deep
41	1723001007	MALLICK DISHANT SANJAY	Dishant
42	1723001008	PRASHANT DEVJIBHAI MAKWANA	Prashant
43	1822003048	PATEL KISHAN HIRABHAI	Kishan
44	1723009001	VANSADIYA AJAYSINH RAJENDRASINH	Ajay
45	1723009002	SINGH SHUBHAM BAIDHYANATHI	Shubham

46	1723009003	DASHARATHI PUNABHAI CHAUHAN	Dasharathi
47	1723002001	SHUKLA NITISHKUMAR ANJANIKUMAR	N. A. Shukla
48	1723002002	TRIVEDI HARSHKUMAR RAJESHKUMAR	Parth
49	1822003057	PATHAK MAHESH ARVINDBHAI	Mahesh
50	1723002004	PANDYA ISHANKUMAR CHETANBHAI	Ishank P.
51	1723002005	SUTHAR RUTVIK SUNILKUMAR	Rutvik
52	1723002006	PATEL MEET SHAILESHBHAI	meet
53	1723003004	YADAV DEEP SHAILESHBHAI	Deep
54	1723003005	MAHAL HARBHAJANSINGH GURMUKHSINGH	Harbhaj
55	1822003077	VAGHELA RACHINKUMAR SHAILESHBHAI	Rachin
56	1723003008	AKBARI PURVIL MUKUNDRAY	Purvil
57	1825005002	MOHAMMAD AFAZAL	Afaaz
58	1825005003	PARMAR KAUSHIKKUMAR LAXMANBHAI	Kaushik
59	1825005004	PARMAR YASH TARUNBHAI	Yash
60	1722005001	KUNJ PATEL	Kunj
61	1722005020	YUVRAJGIRI GOSWAMI	Yuvraj
62	1722005021	LAKUM ATUL	Atul
63	1822005001	BRAHMBHATT JAY UMESHBHAI	Jay
64	1722001018	YASH PATEL	Yash
65	1822001002	GOSAIN MONISH JITENDRABHAI	Monish
66	1822002004	DARSH SINGH HARIHAR	Darsh Singh
67	1822004005	SHAH RONAKKUMAR DINESHBHAI	Ronak
