**To,**

**The Provost,**

**Swarnnim Startup and Innovation University,**

**Gandhinagar- 322420**

**Subject:** Commencement of Soft Skills and Training Classes

As the Director of the Training and Placement Department, I am writing to propose an initiative that will significantly enhance our students' employability and overall professional development. In today's competitive job market, technical skills alone are not sufficient. Employers increasingly seek candidates with strong skills—such as communication, teamwork, adaptability, and problem-solving abilities. To address this need, I recommend the introduction of Soft skills/ Quant/Verbal-training classes across all departments.

I kindly request your support in implementing this initiative. Let us work together to prepare our Students for success beyond academia.

Thank you for your attention to this matter.

Sincerely,

**Mr. Vijayant Kumar**

**Director,**

**Training and Placement Department**

### 1.3 Workshops/ Seminars

1. **Name of the Event: Speed Reading and Comprehension for High-Stakes Environments**

**Date of the Event: 08/09/2023**

**Organized by: Training and Placement cell, Swarnnim Startup and Innovation University**

**Event Co-ordinator:**

**Objective:** This workshop aims to equip students with advanced speed reading and comprehension techniques critical for thriving in fast-paced professional settings.

**Report:**

Held in the college's main seminar hall, this interactive workshop brought students together to master speed reading and comprehension techniques tailored for demanding professional environments. Led by an experienced facilitator, the session began with a demonstration of speed-reading basics, with participants practicing methods such as chunking text, skimming for key ideas, and expanding peripheral vision. The facilitator guided exercises on identifying context clues and adapting reading techniques to different material types—technical, analytical, or narrative.

By the workshop's end, students engaged in timed reading drills, allowing them to apply new strategies in real-time, enhancing both their speed and retention skills.

**Program Outcome:** Participants learned to process large volumes of information quickly, identify key insights, and retain critical data effectively. These techniques enable students to tackle complex materials, such as research papers and technical manuals, with improved efficiency and accuracy, supporting their academic success and career readiness.

**2. Name of the Event: Words That Work: Building a Vocabulary Toolbox for Success in Tech and Business**

**Date of the Event: 21/11/2023**

**Organized by: Training and Placement cell, Swarnnim Startup and Innovation University**

**Event Co-ordinator:**

**Objective:** This workshop offers focused activities to help students expand their vocabulary in industry-specific contexts

**Report:**

This engaging workshop, held in the college seminar hall, was designed to help students build a “vocabulary toolbox” tailored for success in the competitive worlds of technology and commerce. Opening with a discussion on the importance of precise language in professional settings, the facilitator highlighted how a strong, context-specific vocabulary enhances clarity, credibility, and confidence in communication. The workshop introduced essential vocabulary categories, from technical terms to business jargon and action verbs, that are frequently used in academic and professional discourse.

Activities were hands-on and interactive. Students engaged in vocabulary-building exercises, such as “word mapping” for technical terminology and “elevator pitch” practices where they applied newly learned words to describe projects or skills concisely. They also participated in role-playing scenarios, where each student had to respond to real-world situations—like networking events or team meetings—using language that reflects professionalism and expertise.

**Program Outcome:** By the workshop’s conclusion, students had a refined vocabulary set suited to their fields, enhancing their ability to articulate ideas effectively. Equipped with this specialized “toolbox,” they felt more prepared to communicate confidently in academic, interview, and workplace settings, giving them a competitive edge in the modern, fast-evolving job market.

**3. Name of Event: From Data to Dialogue: Mastering the Art of Insightful Communication**

**Date of Event: 04/01/2024**

**Organized by: Training and Placement cell, Swarnnim Startup and Innovation University**

**Event Coordinator:**

**Objective:** This workshop equips students with the language and tools needed to communicate complex data clearly. Through case studies and exercises, participants will learn to narrate data-driven stories for business and technical audiences alike.

**Report:** This workshop, held in the college seminar hall, empowered students to transform raw data into engaging, understandable narratives—an essential skill in today's data-driven world. Led by an industry expert, the session began with an introduction to core principles of data storytelling, emphasizing clarity, context, and the audience's needs. Participants explored techniques for framing data insights as persuasive narratives and practiced crafting impactful messages from complex datasets.

Activities included hands-on group exercises where students worked with sample data sets, identifying key insights, and converting them into brief presentations aimed at specific audiences. Through peer feedback, students refined their ability to communicate complex information concisely and effectively.

**Program Outcome:** By the end of the workshop, students gained practical tools to communicate data insights clearly, an increasingly valuable skill across technology and commerce fields. They left equipped to handle real-world scenarios—such as project presentations, business pitches, or technical discussions—with the ability to convey data-driven stories that captivate and inform.

**4. Name of the Event: Interview Impact: Communicate Confidence, Showcase Skills, and Leave a Lasting Impression**

**Date of the Event: 19/03/2024**

**Organized by: Training and Placement cell, Swarnnim Startup and Innovation University**

**Event Co-ordinator:**

**Objective:** This practical workshop focuses on developing the verbal skills needed for effective interviewing

**Report:**

Held in the college seminar hall, this workshop was designed to equip students with powerful interview skills to confidently communicate their strengths and leave a memorable impression on potential employers. The session began with an overview of interview fundamentals, including the STAR method for structured responses and techniques for highlighting both technical and soft skills. Students practiced crafting compelling introductions and responses that would resonate with interviewers, especially in fields like technology and commerce where communication and clarity are paramount.

Interactive activities included mock interviews and peer role-playing, where students took turns as interviewers and interviewees, practicing responses to common and challenging questions. Feedback was given to refine their responses, body language, and vocal delivery, helping participants understand what employers seek in a strong candidate.

**Program Outcome:** By the end of the workshop, students felt more prepared to approach interviews with confidence and professionalism. They learned to articulate their unique skills effectively, leaving them well-prepared to make a positive impact in competitive job markets and career placements.

**5. Name of the Event: Bridging the Divide: Mastering the Language of Negotiation and Conflict Resolution**

**Date of the Event: 24/05/2024**

**Organized by: Training and Placement cell, Swarnnim Startup and Innovation University**

**Event Co-ordinator:**

**Objective:** This workshop is crafted to equip students with the verbal skills needed to handle negotiations and resolve conflicts professionally.

**Report:**

Held in the college seminar hall, this workshop focused on equipping students with essential negotiation and conflict resolution skills, crucial in today's collaborative yet competitive environments. The session began by introducing the metaphor of "building bridges," highlighting how effective negotiation involves understanding diverse perspectives and finding common ground. Participants learned key techniques, such as active listening, empathy, and assertive communication, as well as frameworks for navigating and de-escalating conflict. Emphasis was placed on verbal strategies that foster respect, clarity, and solution-focused dialogues in both business and technical settings.

The workshop included role-playing exercises where students practiced real-world negotiation scenarios—such as resolving team disagreements or advocating for project resources. Guided by the facilitator, they developed strategies for articulating their points assertively without alienating others. Peer feedback allowed them to refine their approach, learning to balance assertiveness with empathy.

**Program Outcome:** By the end of the workshop, students were more confident in handling challenging conversations, from team discussions to professional negotiations. They gained a practical set of tools to approach conflicts diplomatically, which will serve them well in internships, jobs, and collaborative projects, where the ability to build strong professional relationships is invaluable.
