

# Swarnnim Startup & Innovation University

Incremental improvement  
made for the proceeding five  
years with regards to quality

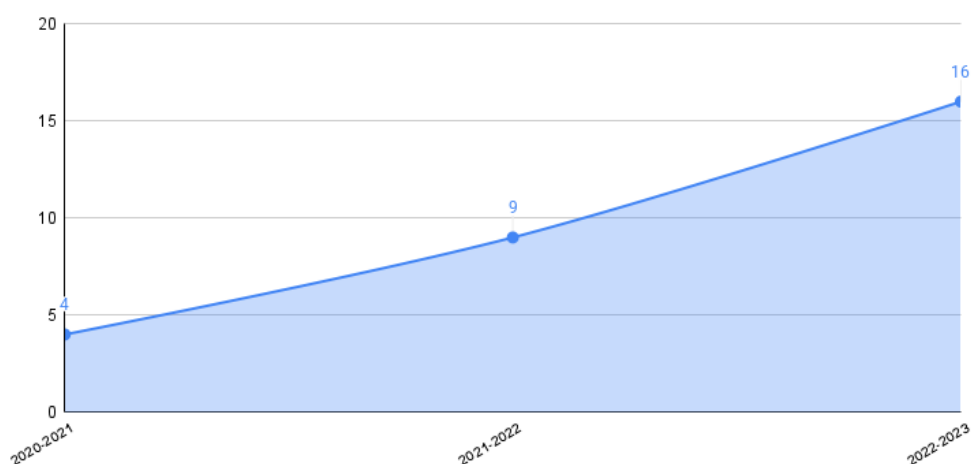

### **6.5.3 Incremental improvement made for the proceeding five years with regards to quality**

The Quality Initiatives at Swarnim Startup and innovation University collectively demonstrate a commitment to quality assurance, continuous improvement, student support and sustainability within the university environment. Each initiative focuses on faculty support and student progression, keeping in mind overall excellence and academic as well as non-academic performance. These initiatives enhance the overall educational experience and institutional effectiveness.

#### **1. Placement**

**Deferred Placement Policy** :Under the Deferred Placement Policy, the Training and Placement Cell provides passed-out students the opportunity to access placement drives, career counselling, and industry engagement for a period of **three years** from the date of their graduation, postgraduate completion, or degree conferral.

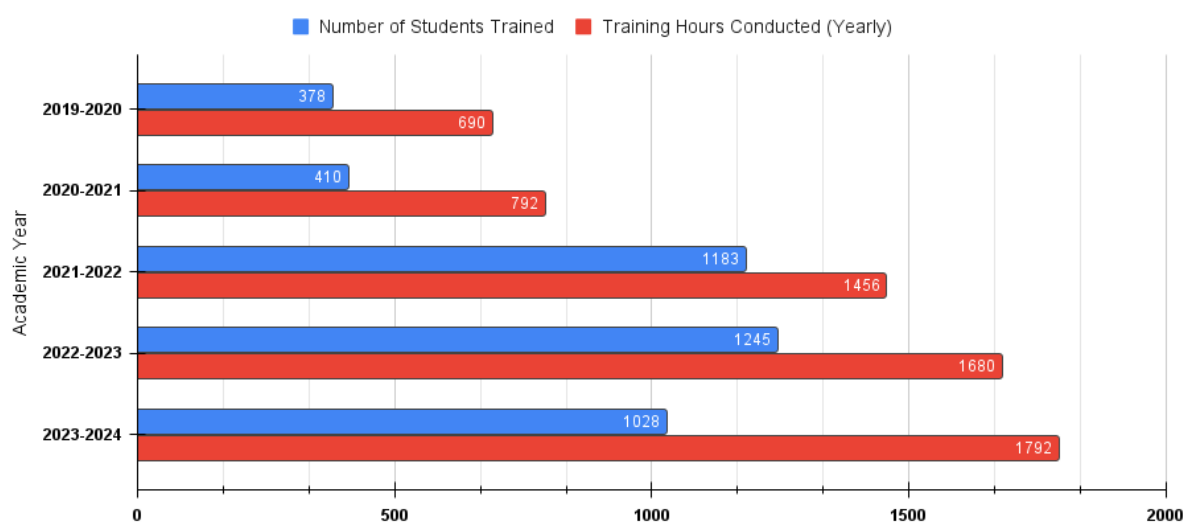

**figure-1 Number of Students benefited for Deferred Placement**

### **Employment Ready Enhancement Program:**

## 6. Number of Extension & Outreach Programs done in last 5 years

## 5. APPLE LAB

### Apple Lab

A lot of firsts are bound to happen at Swarnim Startup and Innovation University considering its impactful curriculum on entrepreneurship. One of the firsts that we take the most pride in is the Apple iOS skill laboratory here at Swarnim University, making it the first of a kind in the whole of India.

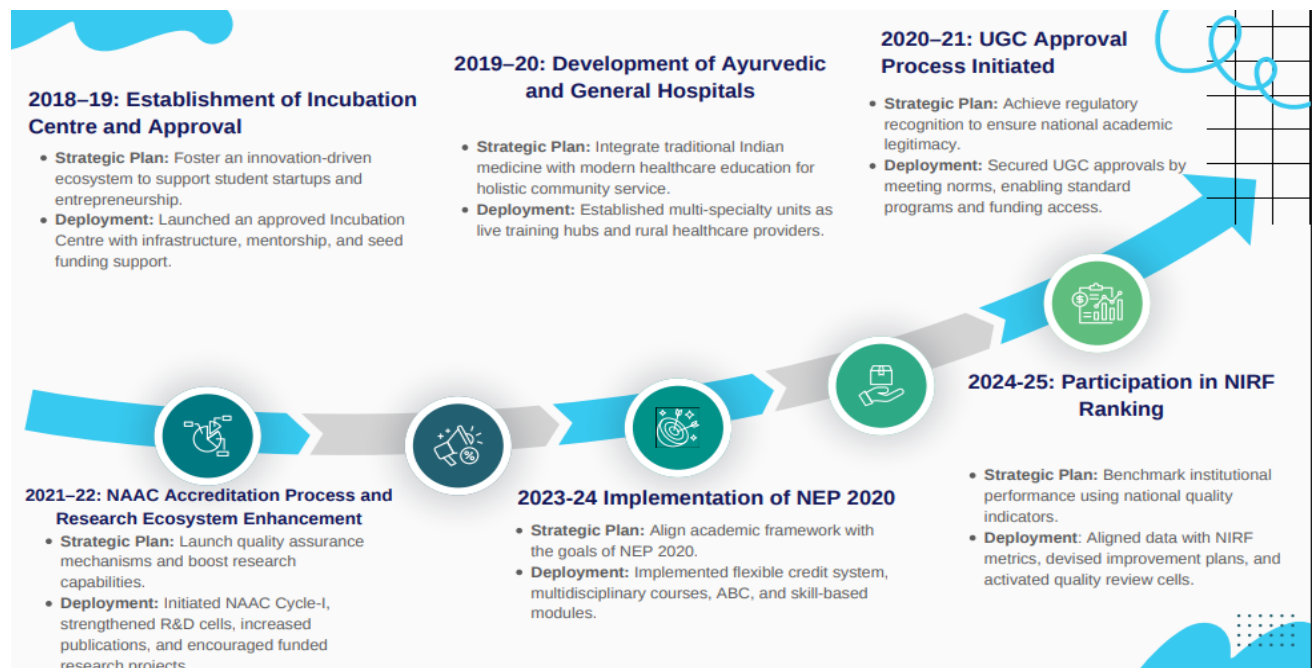

The primary objective of the lab is to impart industry-demanded skills of the iOS platform to the students who are the future of the nation. The lab organises and hosts various workshops and seminars which are based on a better understanding of iOS.

The lab has been established and supported by Apple 24\*7, making it exceptional, and the trainers and chairs of these workshops are also Apple supported staff who are certified by Apple itself. This allows the students at Swarnim University to interact directly with the people who are experts in the field and are certified officially.

Swarnim Startup and Innovation University has also introduced various certificate courses on a beginner to advanced level of Apple iOS, which are provided to the interested students for free. The students are encouraged to take up these courses to take their knowledge of this software up a notch. These courses act as a valuable addition to the student's resumes and also give them an edge over their peers in the job market.

## 6. Addition of New courses
