Employer's Feedback
AY 2022-23

Timestamp	NAME OF COMPANY OR ORGANIZATION	NAME OF THE EMPLOYER (TEAM LEADER/MANAGER/HEAD OF THE DEPARTMENT/ETC.)	CONTACT NO. OF EMPLOYER/ WHO IS FILLING THE FORM)	MAIL ID OF EMPLOYER (WHO IS FILLING THE FORM)	NAME OF THE EMPLOYEE (FOR WHOM THE FORM IS FILLED BY THE EMPLOYER LE TEAM LEADER/HR MANAGER/HEAD OF DEPARTMENT/ETC.)	Demonstrates advanced theoretical knowledge and applies it effectively in scientific or practical tasks.	Independently designs and conducts research or technical work using appropriate scientific methods.	Critically analyses complex data or literature to draw reasoned and meaningful conclusions.	Implements innovative, evidence-based solutions to solve domain-specific problems.	Applies interdisciplinary knowledge to understand and solve scientific challenges.	Uses advanced scientific instruments, tools, or methodologies with precision and accuracy.	Communicates scientific ideas, reports, or findings effectively to technical and non-technical audiences.	Follows ethical guidelines and professional standards in research and workplace conduct.	Contributes original ideas, hypotheses, or improvements through creative thinking.	Recognises societal and environmental implications of scientific work and supports sustainable practices.

Swarnnim Science College
Student Exit Survey
AY 2022-23

Timestamp	First Name	Middle Name	Surname	Enrolment No.	Gender	Batch	Contact Number	Did the programme help you demonstrate advanced theoretical knowledge and apply it effectively in specialised scientific domains and practical contexts? PO1	Did the programme provide opportunities to design and conduct independent, original research using appropriate scientific methods and tools?	Did the program equip you to critically analyze complex data and scientific literature to draw meaningful conclusions?	Did the programme enable you to formulate and implement innovative, evidence-based solutions to real-world scientific challenges?	Did the programme encourage you to integrate interdisciplinary perspectives to explore scientific phenomena with a holistic approach?	Did the programme provide you with the skills to utilise advanced technical tools and methodologies with accuracy and precision in experimental and analytical contexts?	Did the programme enhance your ability to effectively communicate research findings and scientific arguments to both specialists and a general audience?	Did the programme emphasise adherence to ethical norms and professional codes in research design, data handling, and scientific reporting?	Did the programme encourage you to generate new insights, hypotheses, or technologies through creative and innovative research?	Did the programme help you assess the global and societal implications of scientific advancements, advocating for ethical and sustainable practices?

Timestamp	First Name	Middle Name	Surname	Branch	Mail ID	Branch (Enrollment Year, i.e., for 2356005001- 2023-24)	Enrollment No.	Contact Number	The M.Sc. programme provided me with a strong foundation of theoretical knowledge relevant to my field.	I am confident in planning and conducting independent research or technical tasks using appropriate scientific methods.	I am able to critically evaluate scientific data and literature to draw meaningful and logical conclusions.	I can identify real-world problems and apply scientific reasoning to propose innovative and effective solutions.	I am able to apply interdisciplinary knowledge to understand and address complex scientific issues.	I effectively use modern tools, instruments, or technologies relevant to my professional field.	I can clearly and effectively communicate scientific information to a variety of audiences.	I adhere to ethical standards and maintain professionalism in research and workplace practices.	I have contributed creative ideas, new approaches, or innovations in my current academic or professional role.	I am conscious of how my work impacts society and the environment, and I strive to act responsibly.
