Parent's Role

Dr. Pandey and Mr. Prajapati both spoke on the vital role that parents play in their children's college life. They encouraged parents to:

- Maintain an open line of communication with both the college and their children.
- Support their children in facing the challenges that come with transitioning into college life, both academically and socially.
- Monitor their children's progress and motivate them to remain committed to their academic and personal growth.

After the briefing, the floor was opened for a Q&A session where parents had the opportunity to ask questions about the curriculum, college policies, and any concerns they had about their children's well-being. Some of the common concerns addressed included:

- How can parents track their child's academic progress?

- What measures does the college take to ensure student safety on campus?
- How are students guided in choosing elective subjects for the upcoming years?

Both Dr. Pandey and Mr. Prajapati assured the parents that the college is committed to providing a nurturing environment and maintaining the safety of students.

The meeting concluded with a vote of thanks from the Principal. Dr. Pandey thanked the parents for their trust in the college and reiterated that the college is committed to helping every student thrive academically and personally.
