**NOTICE OF ADDRESS.** When you arrive in the United States, you must report your U.S. address to your DSO. If you move, you must notify your DSO of your new address within 10 days of the change of address. The DSO will update SEVIS with your new address.

**REENTRY.** F-1 students may leave the United States and return within a period of five months. To return, you must have: 1) a valid passport; 2) a valid F-1 student visa (unless you are exempt from visa requirements); and 3) your Form I-20, page 2, properly endorsed for reentry by your DSO. If you have been out of the United States for more than five months, contact your DSO

**AUTHORIZATION TO RELEASE INFORMATION BY SCHOOL.** DHS requires your school to provide DHS with your name, country of birth, current address, immigration status, and certain other information on a regular basis or upon request. Your signature on the Form I-20 authorizes the named school to release such information from your records.

**PENALTY.** To maintain your nonimmigrant student status, you must: 1) remain a full-time student at your authorized school; 2) engage only in authorized employment; and 3) keep your passport valid. Failure to comply with these regulations will result in the loss of your student status and subject you to deportation.

## INSTRUCTIONS TO SCHOOLS

Failure to comply with 8 CFR 214.3(k) and 8 CFR 214.4 when issuing Forms I-20 will subject you and your school to criminal prosecution. If you issue this form improperly, provide false information, or fail to submit required reports, DHS may withdraw its certification of your school for attendance by nonimmigrant students.

**ISSUANCE OF FORM I-20.** DSOs may issue a Form I-20 for any nonimmigrant your school has accepted for a full course of study if that person: 1) plans to apply to enter the United States in F-1 status; 2) is in the United States as an F-1 nonimmigrant and plans to transfer to your school; or 3) is in the United States and will apply to change nonimmigrant status to F-1. DSOs may also issue the Form I-20 to the spouse or child (under the age of 21) of an F-1 student to use to enter or remain in the United States as an F-2 dependent. DSOs must sign where indicated at the bottom of page 1 of the Form I-20 to attest that the form is completed and issued in accordance with regulations.

**ENDORSEMENT OF PAGE 2 FOR REENTRY.** If there have been no substantive changes in information, DSOs may endorse page 2 of the Form I-20 for the student and/or the F-2 dependents to reenter the United States. If there have been substantive changes, the DSO should issue and sign a new Form I-20 that includes those changes.

**RECORDKEEPING.** DHS may request information concerning the student's immigration status for various reasons. DSOs should retain all evidence of academic ability and financial resources on which admission was based, until SEVIS shows the student's record completed or terminated.

**AUTHORITY FOR COLLECTING INFORMATION.** Authority for collecting the information on this and related student forms is contained in 8 U.S.C. 1101 and 1184. The Department of State and DHS use this information to determine eligibility for the benefits requested. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

Dear Arth,

Congratulations! We are pleased to offer you admission to the Kinesiology (MS) program at the University of Alabama at Birmingham for the Spring 2023 term. Please allow me to be the first to congratulate you and to express my hope that you will choose to be a part of UAB.

Please note that your admission is contingent on finalizing some admissions requirements: receipt of official consolidated transcript, individual mark sheets and proof of degree from Swarnim Startup & Innovation University; official TOEFL scores. Details of these contingencies will be sent to arthpatel091@gmail.com. **Failure to submit outstanding item(s) to the Graduate School by this deadline will result in a hold being placed on your student record to prevent future registration.**

At UAB, you will join a community of scholars who are driven to excel and achieve their academic and career goals. Many of our graduate students consider UAB because of the advantages of earning a degree at a world-renowned research university where students and faculty find solutions, push boundaries, and achieve the impossible. And it's all being done in the heart of one of the most innovative cities you'll find. Birmingham has received national attention as one of the best places to look for a job. And if you have an appreciation for award-winning restaurants or trendy entertainment venues, we're the place for you. In other words, you're going to have a lot of fun while you pursue your education.

If you have made the decision to obtain your degree from UAB, then you are most likely thinking, "What's next?" First, activate your BlazerID at [uab.edu/blazerid](http://uab.edu/blazerid) using your student number: **B01673767** and then reply to your offer of admission so your program will know your intentions. As the year progresses, you will receive communication regarding steps you will need to take prior to enrolling. These steps can also be found at [go.uab.edu/gradnextsteps](http://go.uab.edu/gradnextsteps). For tuition purposes you are classified as **International**.

The University charges different tuition fees depending on whether a student is classified as Home/EU or International, using criteria outlined in the Education (Fees and Awards) Regulations 1997. From the information you have provided to us, you have been classified as an International student for tuition fees purposes. The tuition fee for this course in the academic year 2021/2025 is **£35,000 (GBP)**. ## Fees and Costs

The University charges different levels of tuition fees depending on whether a student is classified as Home/EU or International. You are bound by the University's Ordinances and Regulations on the payment of fees and the consequences of non-payment (Ordinance XVI; General Regulation XII). If you are a sponsored student and your sponsor fails to pay your tuition fees, you will become responsible for payment. Once you register with us as a student, your fee status cannot change during the academic year, and can only change at the next registration point if your changed circumstances meet specific criteria. It is your responsibility to register at the University each academic year and to ensure that your tuition fees and all other expenses relating to your course are paid on time. The tuition fees for this year are set out in your Offer Letter. Please note that Home/EU fees are reviewed each academic year.

For some courses a non refundable deposit is required at the point at which you firmly accept the offer of a place. In these cases, the amount paid will be deducted from the total tuition fee due at the start of the academic programme.

In addition to the annual tuition fees, you may be required to pay other charges or fees e.g. for residential accommodation, travel/field trip expenses or other course costs. An indication of these costs is provided on the University website. Please note that the tuition fees for some postgraduate research courses may vary due to the cost of consumables and facilities of a project. Information on these costs will be provided by the admitting School.

## Tier 4 (Student) visa

If this applies to you, the immigration rules state that you must have obtained an ATAS certificate for the programme before applying for a student visa or extension of stay. We advise that you begin the ATAS application process as soon as possible. Further information is available at <http://www.manchester.ac.uk/international/apply/visas/academictechnologyapprovalscheme/>.

## Training and Placement Cell

The University charges different levels of tuition fees depending on whether a student is classified as Home/EU or International. You are bound by the University's Ordinances and Regulations on the payment of fees and the consequences of non-payment (Ordinance XVI; General Regulation XII). If you are a sponsored student and your sponsor fails to pay your tuition fees, you will become responsible for payment. Once you register with us as a student, your fee status cannot change during the academic year, and can only change at the next registration point if your changed circumstances meet specific criteria. It is your responsibility to register at the University each academic year and to ensure that your tuition fees and all other expenses relating to your course are paid on time. The tuition fees for this year are set out in your Offer Letter. Please note that Home/EU fees are reviewed each academic year.

For some courses a non refundable deposit is required at the point at which you firmly accept the offer of a place. In these cases, the amount paid will be deducted from the total tuition fee due at the start of the academic programme.

In addition to the annual tuition fees, you may be required to pay other charges or fees e.g. for residential accommodation, travel/field trip expenses or other course costs. An indication of these costs is provided on the University website. Please note that the tuition fees for some postgraduate research courses may vary due to the cost of consumables and facilities of a project. Information on these costs will be provided by the admitting School.

### Tier 4 (Student) visa

If you are not a British citizen, or a citizen of one of the European Economic Area (EEA) countries, you will need a visa to study in the UK. This is inline with a points based immigration system operated by the UK government for all overseas (non-EU) students. See <http://www.manchester.ac.uk/international/apply/visas/> and <http://www.ukba.homeoffice.gov.uk/visas-immigration/studying/> for more information.

## Academic Technology Approval Scheme (ATAS)

To study certain courses in the UK, international non-EU applicants are required to obtain an Academic Technology Approval Scheme (ATAS) certificate. If this applies to you, the immigration rules state that you must have obtained an ATAS certificate for the programme before applying for a student visa or extension of stay. We advise that you begin the ATAS application process as soon as possible. Further information is available at <http://www.manchester.ac.uk/international/apply/visas/academictechnologyapprovalscheme/>.

## Appeals and Complaints Procedure for Applicants

## Distance Selling Regulations

The University's admissions process is subject to the Consumer Protection (Distance Selling) Regulations 2000. ## Official Transcript Submission

Students must submit their official transcripts by the start of their first term. Non-receipt of an official transcript will result in a hold being placed on the student record and registration into classes denied.

An official document is defined as an original (or attested) copy being received directly from the institution of issuance without interference. This means that your transcripts must be issued by the educational institution in a sealed envelope bearing the original institutional seal, stamp or signature. Do not open it. You may then bring this envelope to the Registrar's Office at University Canada West when you arrive to register.

Opened transcripts, photocopies, faxed copies, and certified/notarized copies are not acceptable and should not be submitted. Third party evaluations such as those provided by credential evaluation services will not be accepted in place of official transcripts.

Official documents required:

- Official transcripts and Official degree certificate From Swarnim Startup and Innovation University.
