Fees and Costs

The University charges different levels of tuition fees depending on whether a student is classified as Home/EU or International. You are bound by the University's Ordinances and Regulations on the payment of fees and the consequences of non-payment (Ordinance XVI; General Regulation XII). If you are a sponsored student and your sponsor fails to pay your tuition fees, you will become responsible for payment. Once you register with us as a student, your fee status cannot change during the academic year, and can only change at the next registration point if your changed circumstances meet specific criteria. It is your responsibility to register at the University each academic year and to ensure that your tuition fees and all other expenses relating to your course are paid on time. The tuition fees for this year are set out in your Offer Letter. Please note that Home/EU fees are reviewed each academic year.

For some courses a non refundable deposit is required at the point at which you firmly accept the offer of a place. In these cases, the amount paid will be deducted from the total tuition fee due at the start of the academic programme.

In addition to the annual tuition fees, you may be required to pay other charges or fees e.g. for residential accommodation, travel/field trip expenses or other course costs. An indication of these costs is provided on the University website. Please note that the tuition fees for some postgraduate research courses may vary due to the cost of consumables and facilities of a project. Information on these costs will be provided by the admitting School.

See <http://www.manchester.ac.uk/international/apply/visas/> and <http://www.ukba.homeoffice.gov.uk/visas-immigration/studying/> for more information.

Academic Technology Approval Scheme (ATAS)

To study certain courses in the UK, international non-EU applicants are required to obtain an Academic Technology Approval Scheme (ATAS) certificate. If this applies to you, the immigration rules state that you must have obtained an ATAS certificate for the programme before applying for a student visa or extension of stay. We advise that you begin the ATAS application process as soon as possible. Further information is available at <http://www.manchester.ac.uk/international/apply/visas/academictechnologyapprovalscheme/>.

To return, you must have: 1) a valid passport; 2) a valid F-1 student visa (unless you are exempt from visa requirements); and 3) your Form I-20, page 2, properly endorsed for reentry by your DSO. If you have been out of the United States for more than five months, contact your DSO

AUTHORIZATION TO RELEASE INFORMATION BY SCHOOL. DHS requires your school to provide DHS with your name, country of birth, current address, immigration status, and certain other information on a regular basis or upon request. PENALTY. To maintain your nonimmigrant student status, you must: 1) remain a full-time student at your authorized school; 2) engage only in authorized employment; and 3) keep your passport valid. Failure to comply with these regulations will result in the loss of your student status and subject you to deportation.

INSTRUCTIONS TO SCHOOLS

Failure to comply with 8 CFR 214.3(k) and 8 CFR 214.4 when issuing Forms I-20 will subject you and your school to criminal prosecution. If you issue this form improperly, provide false information, or fail to submit required reports, DHS may withdraw its certification of your school for attendance by nonimmigrant students.

ISSUANCE OF FORM I-20. DSOs may issue a Form I-20 for any nonimmigrant your school has accepted for a full course of study if that person: 1) plans to apply to enter the United States in F-1 status; 2) is in the United States as an F-1 nonimmigrant and plans to transfer to your school; or 3) is in the United States and will apply to change nonimmigrant status to F-1. DSOs may also issue the Form I-20 to the spouse or child (under the age of 21) of an F-1 student to use to enter or remain in the United States as an F-2 dependent. DSOs must sign where indicated at the bottom of page 1 of the Form I-20 to attest that the form is completed and issued in accordance with regulations.

ENDORSEMENT OF PAGE 2 FOR REENTRY. If there have been no substantive changes in information, DSOs may endorse page 2 of the Form I-20 for the student and/or the F-2 dependents to reenter the United States. If there have been substantive changes, the DSO should issue and sign a new Form I-20 that includes those changes.

RECORDKEEPING. DHS may request information concerning the student's immigration status for various reasons. DSOs should retain all evidence of academic ability and financial resources on which admission was based, until SEVIS shows the student's record completed or terminated.

AUTHORITY FOR COLLECTING INFORMATION. Authority for collecting the information on this and related student forms is contained in 8 U.S.C. 1101 and 1184. Dear Arth,

Congratulations! We are pleased to offer you admission to the Kinesiology (MS) program at the University of Alabama at Birmingham for the Spring 2023 term. Please allow me to be the first to congratulate you and to express my hope that you will choose to be a part of UAB.

Please note that your admission is contingent on finalizing some admissions requirements: receipt of official consolidated transcript, individual mark sheets and proof of degree from Swarnim Startup & Innovation University; official TOEFL scores. Details of these contingencies will be sent to arthpatel091@gmail.com. **Failure to submit outstanding item(s) to the Graduate School by this deadline will result in a hold being placed on your student record to prevent future registration.**

At UAB, you will join a community of scholars who are driven to excel and achieve their academic and career goals. Many of our graduate students consider UAB because of the advantages of earning a degree at a world-renowned research university where students and faculty find solutions, push boundaries, and achieve the impossible. And it's all being done in the heart of one of the most innovative cities you'll find. Birmingham has received national attention as one of the best places to look for a job. And if you have an appreciation for award-winning restaurants or trendy entertainment venues, we're the place for you. In other words, you're going to have a lot of fun while you pursue your education.

If you have made the decision to obtain your degree from UAB, then you are most likely thinking, "What's next?" First, activate your BlazerID at uab.edu/blazerid using your student number: **B01673767** and then reply to your offer of admission so your program will know your intentions. As the year progresses, you will receive communication regarding steps you will need to take prior to enrolling. These steps can also be found at go.uab.edu/gradnextsteps. For tuition purposes you are classified as **International**.

Dear Jeelben,

Congratulations! We are pleased to offer you admission to the Kinesiology (MS) program at the University of Alabama at Birmingham for the Spring 2023 term. Please allow me to be the first to congratulate you and to express my hope that you will choose to be a part of UAB.

Please note that your admission is contingent on finalizing some admissions requirements: receipt of official consolidated transcript, individual mark sheets and proof of degree from Swarnim Startup & Innovation University. Details of these contingencies will be sent to jeelpatel160700@gmail.com. Failure to submit outstanding item(s) to the Graduate School will result in a hold being placed on your student record to prevent future registration.

At UAB, you will join a community of scholars who are driven to excel and achieve their academic and career goals. Many of our graduate students consider UAB because of the advantages of earning a degree at a world-renowned research university where students and faculty find solutions, push boundaries, and achieve the impossible. And it's all being done in the heart of one of the most innovative cities you'll find.

If you have made the decision to obtain your degree from UAB, then you are most likely thinking, "What's next?" First, activate your BlazerID at uab.edu/blazerid using your student number: B01674661 and then reply to your offer of admission so your program will know your intentions. As the year progresses, you will receive communication regarding steps you will need to take prior to enrolling. These steps can also be found at go.uab.edu/gradnextsteps. For tuition purposes you are classified as International.

Sincerely,

From the information you have provided to us, you have been classified as an International student for tuition fees purposes. Fees and Costs

The University charges different levels of tuition fees depending on whether a student is classified as Home/EU or International. You are bound by the University's Ordinances and Regulations on the payment of fees and the consequences of non-payment (Ordinance XVI; General Regulation XII). It is your responsibility to register at the University each academic year and to ensure that your tuition fees and all other expenses relating to your course are paid on time. The tuition fees for this year are set out in your Offer Letter. Please note that Home/EU fees are reviewed each academic year.

For some courses a non refundable deposit is required at the point at which you firmly accept the offer of a place. In these cases, the amount paid will be deducted from the total tuition fee due at the start of the academic programme.

In addition to the annual tuition fees, you may be required to pay other charges or fees e.g. for residential accommodation, travel/field trip expenses or other course costs. An indication of these costs is provided on the University website. Please note that the tuition fees for some postgraduate research courses may vary due to the cost of consumables and facilities of a project. Information on these costs will be provided by the admitting School.

Tier 4 (Student) visa

If you are not a British citizen, or a citizen of one of the European Economic Area (EEA) countries, you will need a visa to study in the UK. Full details of the University of Manchester's notification to the Information Commissioner can be viewed on the public register of data controllers, www.informationcommissioner.gov.uk.

You have the right to check the information held about you and to correct it if necessary. Please see <http://www.studentnet.manchester.ac.uk/crucial-guide/regulations/dataprotection/> for further information on how your data will be used by the University, when the data may be disclosed to a third party and what information on your student record, and other information held by The University of Manchester about you, will be sent to the Higher Education Statistics Agency (HESA).

Distance Selling Regulations

The University's admissions process is subject to the Consumer Protection (Distance Selling) Regulations 2000. Fees and Costs

The University charges different levels of tuition fees depending on whether a student is classified as Home/EU or International. You are bound by the University's Ordinances and Regulations on the payment of fees and the consequences of non-payment (Ordinance XVI; General Regulation XII). If you are a sponsored student and your sponsor fails to pay your tuition fees, you will become responsible for payment. Once you register with us as a student, your fee status cannot change during the academic year, and can only change at the next registration point if your changed circumstances meet specific criteria. It is your responsibility to register at the University each academic year and to ensure that your tuition fees and all other expenses relating to your course are paid on time. The tuition fees for this year are set out in your Offer Letter. Please note that Home/EU fees are reviewed each academic year.

For some courses a non refundable deposit is required at the point at which you firmly accept the offer of a place. In these cases, the amount paid will be deducted from the total tuition fee due at the start of the academic programme.

In addition to the annual tuition fees, you may be required to pay other charges or fees e.g. for residential accommodation, travel/field trip expenses or other course costs. An indication of these costs is provided on the University website. Please note that the tuition fees for some postgraduate research courses may vary due to the cost of consumables and facilities of a project. Information on these costs will be provided by the admitting School.

Tier 4 (Student) visa

If you are not a British citizen, or a citizen of one of the European Economic Area (EEA) countries, you will need a visa to study in the UK. This is inline with a points based immigration system operated by the UK government for all overseas (non-EU) students. See <http://www.manchester.ac.uk/international/apply/visas/> and <http://www.ukba.homeoffice.gov.uk/visas-immigration/studying/> for more information.

Academic Technology Approval Scheme (ATAS)

To study certain courses in the UK, international non-EU applicants are required to obtain an Academic Technology Approval Scheme (ATAS) certificate. If this applies to you, the immigration rules state that you must have obtained an ATAS certificate for the programme before applying for a student visa or extension of stay. We advise that you begin the ATAS application process as soon as possible. Further information is available at <http://www.manchester.ac.uk/international/apply/visas/academictechnologyapprovalscheme/>.

Appeals and Complaints Procedure for Applicants

To safeguard the interests of applicants the University has established an Appeals and Complaints Procedure for Applicants (detailed in the Student Admissions Policy). This procedure can be found on the University website at <http://documents.manchester.ac.uk/list.aspx>.

Data Protection

The information already provided as part of your application to study at the University will be processed to form part of your student record. The information held (including amendments) is stored on a database and will be made available to Schools in the University. All data held is processed in accordance with the requirements of the Data Protection Act 1998 and within the limits agreed with the University's Data Protection Officer. Full details of the University of Manchester's notification to the Information Commissioner can be viewed on the public register of data controllers, www.informationcommissioner.gov.uk.

You have the right to check the information held about you and to correct it if necessary. Please see <http://www.studentnet.manchester.ac.uk/crucial-guide/regulations/dataprotection/> for further information on how your data will be used by the University, when the data may be disclosed to a third party and what information on your student record, and other information held by The University of Manchester about you, will be sent to the Higher Education Statistics Agency (HESA).

Distance Selling Regulations

The University's admissions process is subject to the Consumer Protection (Distance Selling) Regulations 2000. After accepting an offer, you have a right to cancel your acceptance of the offer by informing us in writing within seven working days after your acceptance, provided that the only communication between you and the University has been by distance, i.e., up until your acceptance of the offer, there has been no face-to-face contact between you and the University and you have not visited the University. If you cancel within the relevant period, you will be entitled to a refund of any deposit/fees that you have paid prior to the cancellation.

General matters

The agreement is between the University and the student and only these two parties can enforce the agreement between them and the Contracts (Rights of Third Parties) Act 1999 shall not apply.
