FACULTY FEEDBACK ANALYSIS

Observation Based on the faculty Feedback Questionnaire responses

1. Faculty agrees that the Syllabus is suitable to the course.
2. Faculty agrees that the course/syllabus of this course increased their knowledge and perspective in the subject area.
3. Faculty agrees that they are able to achieve the minimum required course outcome attainment level for their class.
4. Faculty opines that the current evaluation system (Internal) requires modification.

Suggestion received from Faculty Members

1. Focus should be on the applied dravyaguna karma research work and preparation of ayurvedic medicines on wide range with special focus on standardization.
2. Internal evaluation system should be upgraded and evaluation must be done on both subjective and objective parameters.
3. Syllabus should be made more practical learning oriented.
4. Hospital postings should start from admission to the first academic year.
5. Samhita based teaching should be done.
6. Dissection practice should be done by every student.

Suggested action

1. Practical exposure to patients must be increased through organization of camps.
2. Dissection practice and Physiology practical should be done by every student in BOS 2019-20.
3. Samhita based teaching should be done in BOS 2019-20.
4. Hospital postings must start from first year like Prakruti parikshan must be done in OPD and IPD by first year students.
5. Samhita pathan should be carried out daily must be added in BOS 2019-20.
6. Visits to GLP certified laboratories and GMP certified Pharmacies made mandatory.
