Observations based on the Parents Feedback Questionnaire responses:

1. Parents are very satisfied about the relevancy of subjects studied and course.
2. Parents believe that the course is excellent at enhancing the entrepreneurship skills of students.
3. Parents are very satisfied about time given to complete the syllabus is adequate.
4. Parents are satisfied with the methods of evaluation (Internal and University exam grading system).

Suggestions received from Parents:

1. Teaching should be focussed on analytical and problem solving skills.
2. Few extra tasks other than curriculum must be given to students for developing their logical mind and problem solving ability.
3. Students should be given knowledge of human values and ethics related to the profession.

Suggested Action:

1. Co-relate the topics of curriculum with human values and ethics will be discussed in BOS 2019-20.
2. Planning some extracurricular activities for overall development of students will be discussed in Inter-departmental Meetings.
3. Discussion in Inter-Department meeting on giving some more hours for skill development activities.
