Observations based on the Faculty Feedback Questionnaire responses:

1. Faculty agree that Syllabus is suitable to the course.
2. Faculty disagree that Course content is followed by corresponding reference books/materials.

3. Faculty disagree that I have the freedom to propose, modify, suggest and incorporate new topics in the syllabus through proper forum
4. Faculty disagree that the current evaluation system (Internal) requires modification

Suggestions received from Faculty Members:

- 1 Redesign classroom sessions to focus on discussions, problem-solving, and collaborative work, while the theoretical content is learned online
- 2 Emphasize soft skills like communication, teamwork, and leadership through workshops and group projects.
- 3 Need Continuous Evaluation & Feedback
- 4 Utilize modern simulation software and workshops for real-world experimentation and problem-solving

Suggested Action:

1. To solve above mention problem of 3, we have projector in each class and Specially arrangement in Incubation center
- 2 In same year we will organize more workshop/training to Emphasize soft skills like communication, teamwork, and leadership through workshops and group projects
- 3 Give some more live project to final year students
- 4 More MOU will do so that students can do modern simulation software and hands on workshops for real-world experimentation and problem-solving
