Action Taken Report on Parents Feedback 2021-22

➤ Observations Based on the Parents Feedback Questionnaire responses

1. Q.7 Relevance of the courses in inculcating lifelong learning and

human ethics/values- Parents disagree that the courses do not adequately promote the concept of lifelong learning, leaving students unprepared for continuous education beyond their formal studies.

2. Q.4 highest- (Q.4) The syllabus covers the current trends under the relevant topic- Parents agree that syllabus covers the current trends under the relevant topic

Suggestion received from Parents:

1. Provide robust career counselling services to help students identify their strengths and explore potential career paths aligned with their interests.
2. Facilitate more internship placements and partnerships with local businesses to give students hands-on experience and networking opportunities in their chosen fields.
3. Organize workshops focused on essential skills such as communication, teamwork, and problem-solving, which are vital for professional success.
4. Establish mentorship programs pairing students with alumni or industry professionals who can offer guidance and insights into career development.
5. Incorporate courses on emerging technologies and trends to ensure students are well-prepared for future job markets.
6. Encourage students to participate in community service projects to develop a sense of social responsibility and ethical awareness.
7. Offer flexible course structures, including online and part-time options, to accommodate different learning styles and personal commitments.
8. Develop study-abroad or exchange programs that allow students to gain international experience and broaden their perspectives on global issues.

➤ Suggested action:

1. Establish a dedicated career services office that offers personalized career assessments, workshops on resume writing and interview skills, and regular one-on-one counseling sessions with career advisors.
2. Create strategic partnerships with local businesses and organizations to develop a structured internship program that guarantees placement opportunities for students in relevant industries.
3. Organize a series of workshops each semester focused on essential soft skills, inviting industry professionals to lead sessions on communication, teamwork, leadership, and problem-solving.
4. Implement a formal mentorship program that connects students with alumni and industry experts, including regular networking events and mentorship training for both mentors and mentees.
5. Revise the curriculum to include new courses on emerging technologies, such as artificial intelligence, data analytics, and cybersecurity, ensuring they are taught by faculty with relevant expertise.
6. Develop a community engagement program that requires or incentivizes students to participate in service projects, allowing them to reflect on social responsibility and apply their learning in real-world contexts.
