Observations based on the Student Feedback Questionnaire responses:

1. Students agree that the course has good balance between theory and application

2. Students disagree Curriculum has good mix of fundamental topics and latest technology relevant to that topic

Suggestions received from Students:

1. More computers in computer lab
2. More internships, industry-sponsored projects, and problem-solving activities linked to actual industry challenges are needed.
3. Soft skill training
4. Good placement cell

Suggested Action:

1. More Fieldwork and Site Visits: The institute has partnered with construction companies and local authorities to arrange regular site visits, giving students hands-on experience in real-world projects
2. Good placement cell established in university for better placements
3. Material sourcing included as part of curriculum in developing analytical and problem-solving skill.
