Observations Based on the Faculty Feedback Questionnaire Responses:

1. The effectiveness of the curriculum in developing analytical and problem solving skills is very bad.

2. The relevance of the curriculum in terms of recent trends and practices in respective discipline is very bad.

3. The theory and pratical components in the curriculum to make the students employable are very bad.

4. Curriculum is very bad in terms of facilitating the overall holistic development of the student.

5. The courses taught are very bad and must inculcate lifelong learning and human ethics/ values.

Suggestion received from Student Members:

1. Integrate more ethics-based content in various subjects.

2. Improve problem-solving exercises in the curriculum.

3. More time should be given in computer labs.

4. Evaluation methods should test both theory and practical knowledge.

5. Curriculum should be developing analytical and problem-solving skills.

6. Recent trends and practices in my discipline.

7. More presentation, projects, case studies etc. to be taught.

8. I want courses that teach me to keep learning beyond college and promote ethical.

Suggested Actions:

1. Taking into account the dissatisfaction regarding the syllabus not covering the most recent trends under the relevant topic a provision will be made to introduce the most recent trends in the curriculum to be proposed in BOS 2023-24 will be signed.

2. A provision will be made to introduce several skill enriching certificate courses by industry experts.

3. Up to date relevant subjects and topics will be introduced.

4. A provision will be made to increase the computer lab hours to make the students more efficient in its usage.

5. Value added courses as per NEP2020 will be introduced in BOS 2023-24.
