### Observations Based on the Parents Feedback Questionnaire responses

- adequate information about the curriculum/syllabus of the program where you ward is enrolled was satisfied
- the subjects studied are relevant to the course was average
- Information about the curriculum/syllabus of the program where you ward enrolled was good
- Curriculum has good mix of fundamental topics and latest technology relevant to that topic was average
- Relevance of the courses in inculcating lifelong learning and human ethics/values was average.

### Suggestion received from Parents Members

- Teaching should be focussed on analytical and problem solving skills.
- Few extra tasks other than curriculum must be given to students for developing their logical mind and problem solving ability

**Suggested action:**

1. Plan some extracurricular activities for overall development of students.
2. Discussion in Inter-Department meeting on giving some more hours for skill development activities.
