Observations Based on the Faculty Feedback Questionnaire Responses:

1. Dissatisfaction regarding time given to syllabus completion is seen as parent felt that more time should be given to doubt solving.
2. High level of satisfaction has been observed with the relevance of the course in inculcating lifelong learning and human ethics/values.
3. Dissatisfaction regarding the curriculum and its effectiveness in developing analytical and problem-solving skills in the ward has been observed.
4. Majority of the parents agreed with the Relevance of the courses in enhancing entrepreneurship skills.

Suggestions received from Parent Members:

1. Syllabus should be completed two weeks before the exam.

2. Information should be given in local language.

3. Application based knowledge of the topics to be taught.

4. Knowledge of latest technology and new versions of it should be given.

5. Soft skills and Basic life skills also to be taught.

6. Doubt solving sessions should be there.

7. Detailed information about fee structure, syllabus and subjects to be given.

8. Students should be given more time in computer lab.

9. Certain topics should be taught on projectors.

Suggested Actions:

1. Taking into account the feedback given by the parents it was understood that many students lack in soft skills required at workplace to overcome this challenge a provision will be made to include soft skills and basic life skills in the new curriculum to be proposed in the BOS of 2023-24 will be signed.

2. Professors will be instructed to complete their syllabus two weeks before the exams and remaining lectures will be allotted to doubt solving sessions.

3. Value added courses as per NEP2020 will be introduced in BOS 2023-24.

4. A provision will be made to increase the computer practicals in the upcoming year.

5. Necessary steps will be taken to install Projectors in the classes.
