Observations based on the Student Feedback Questionnaire responses:

1. Students agree Curriculum facilitates the overall holistic development of the student

2. Students disagree Soft skills training prepares you for placements

Suggestions received from Students:

- 1 software training required according to latest technology.
- 2 Curriculum having comprehensive methodology for evaluation (like quiz, assignment, presentation, projects, case studies etc.

Suggested Action:

1. More Fieldwork and Site Visits: The institute has partnered with construction companies and local authorities to arrange regular site visits, giving students hands-on experience in real-world projects
2. zUpdated Curriculum: The syllabus now includes modern design techniques like weaving, laser cutting.
3. More of digital learning will be introduced using presentations and graphics.

A handwritten signature in blue ink, appearing to be "Anurag", written over a horizontal line.
