Integrate more ethics-based content in various subjects.

improve problem-solving exercises in the curriculum.

Assessments should test both theory and practical skills.

evaluation methods should test both theory and practical

curriculum should be developing analytical and problem-solving

recent trends and practices in my discipline.

More presentation, projects, case studies etc. to be taught

I want courses that teach me to keep learning beyond college and

curriculum to be updated.

evaluation methods should test both theory and practical

The courses taught should inculcate lifelong learning and human

I want courses that help me think critically and solve problems

content should help me grow as a person, not just a student.

Integrate more ethics-based content in various subjects.

substantiate content with real life examples and cases.

I want to learn about the latest trends and technologies in my

If the curriculum isn't updated, it can feel outdated and less

Introduce courses that teach me to keep learning beyond college

Assess if students are being prepared for the modern workforce.

Case studies, group discussions, and projects should push me to

evaluation methods should test both theory and practical

It would be helpful if there were more opportunities to practice

Assess if students are being prepared for the modern workforce.

I prefer a variety of ways to be evaluated, not just exams.

More diverse evaluation methods would help me showcase

problem-solving exercises in the curriculum should be added.
