CIRCULAR FOR THE REMEDIAL CLASSES

In line with university directives, all faculty members are informed that students identified as slow learners must be provided remedial classes for the relevant subjects, following the department's timetable. Class coordinators and mentors are responsible for overseeing the smooth execution of these sessions, monitoring attendance, and supporting student progress throughout the 2020-21 academic year. This applies to all active semesters, and faculty are expected to collaborate to meet the academic needs of the identified students.

CIRCULAR FOR THE REMEDIAL CLASSES

In line with university directives, all faculty members are informed that students identified as slow learners must be provided remedial classes for the relevant subjects, following the department's timetable. Class coordinators and mentors are responsible for overseeing the smooth execution of these sessions, monitoring attendance, and supporting student progress throughout the 2019-20 academic year. This applies to all active semesters, and faculty are expected to collaborate to meet the academic needs of the identified students.

CIRCULAR FOR THE REMEDIAL CLASSES

In line with university directives, all faculty members are informed that students identified as slow learners must be provided remedial classes for the relevant subjects, following the department's timetable. Class coordinators and mentors are responsible for overseeing the smooth execution of these sessions, monitoring attendance, and supporting student progress throughout the 2019-20 academic year. This applies to all active semesters, and faculty are expected to collaborate to meet the academic needs of the identified students.

CIRCULAR FOR THE REMEDIAL CLASSES

In line with university directives, all faculty members are informed that students identified as Advanced learners must be provided remedial classes for the relevant subjects, following the department's timetable. Class coordinators and mentors are responsible for overseeing the smooth execution of these sessions, monitoring attendance, and supporting student progress throughout the 2019-20 academic year. This applies to all active semesters, and faculty are expected to collaborate to meet the academic needs of the identified students.

CIRCULAR FOR THE REMEDIAL CLASSES

In line with university directives, all faculty members are informed that students identified as slow learners must be provided remedial classes for the relevant subjects, following the department's timetable. Class coordinators and mentors are responsible for overseeing the smooth execution of these sessions, monitoring attendance, and supporting student progress throughout the 2019-20 academic year. This applies to all active semesters, and faculty are expected to collaborate to meet the academic needs of the identified students.
