Subject: Snake Awareness Programme

Dear Madam,

This is to certify that 88 students from 2nd BHMS (2020-2021 Batch) from Aarihant Homeopathic Medical College & RI, Gandhingar visited Sundarvan on 25th July, 2023 for Snake Awareness Program. The topics such as general information of reptiles with special reference to snakes, snake diversity, venomous and non-venomous snakes, precaution to avoid snakebite, treatment, making of anti-venom, myths and facts and conservation importance were covered during the session of snake awareness programme.

The participants showed great enthusiasm and interest in talk on snakes and asked many questions. I personally feel that all the medical students must get this exposure as India remains one of the countries with most number of snake bite case. Around 50000 people die every year due to snake bite in India.

I am looking forward to receive students from your reputed institutions on regular basis in coming years too.

Thanking you,

Subject: - Regarding visit of BHMS 2nd year students to police station.

Respected Sir,

As per curriculum of BHMS 2nd year police station visit is mandatory for students. 100 students of Aarihant Homeopathic Medical College & Research Institute affiliated to Swarrnim Startup & innovation University, Gandhinagar Gujarat would like to seek your permission to conduct visit as a part of academic syllabus to witness and learn the police proceedings. Our expectation during visit as per the curriculum are students will learn key points of law and order of nation , concerned legal aspects a doctor should know to practice in our country and its legal procedure and how being a citizen of India they can be helpful to law and order and local police.

We heartily appreciate your concern and support which is contributing to proper education of medical students.

Kindly permit us and provide tentative date and time of visit as per your convenience.

Thank you,

जामी मसजिद
इस विशाल मसजिद का निर्माण माण्डव के सुलतान होशंगशाह गोरी ने आरंभ किया व महमूदशाह खिलजी ने सन १४५४ ई. में पूर्ण किया। भारत की बडी बडी मसजिदों में इसकी भी गणना है जाली और रंगीन टाइलों के अतिरिक्त गुम्बजों व मिहराबों का दृश्य जो भीतरी विशाल चौक से दिखाई देता है विशेष उल्लेखनीय है। इसीके पश्चिमी दीवालको सुंदराकृति मिहराब तथा ऊंची मंचसे सुसज्जित किया हैं जो कि हिंदू शैली का प्रतीक है।
JAMI MASJID
CONSTRUCTION OF THIS MOSQUE WAS STARTED BY SULTAN HOSHANGSHAH GHORI AND COMPLETED BY MAHMUD SHAH KHILJI IN 1454 A.D.THIS IS ONE OF THE BIGGEST MOSQUES IN INDIA. BESIDES THE BEAUTIFUL JALI WORK AND THE PAINTED ENAMELS THE MOST NOTEWORTHY FEATURE HERE IS THE FINE PANORAMA OF DOMES AND ARCHES FACING THE SPACIOUS COURT INSIDE. THE WESTERN WALL OF THE COLOIINADE IS ADORNED WITH BEAUTIFULLY DESIGNED NICHES AND A PULPIT IN HINDU STYLE.

The study program report for M plan students exploring Mandu, Madhya Pradesh, delves into the rich historical and architectural heritage of this ancient city. Mandu's captivating monuments, such as the Jahaz Mahal, Hoshang Shah's Tomb, and Rani Roopmati's Pavilion, showcase a blend of Afghan and Hindu architectural styles. Students analyze the city's urban planning, fortifications, and water management systems, offering insights into medieval Indian architecture. They examine the intricate carvings, geometric patterns, and structural innovations that define Mandu's edifices. This study program provides a comprehensive understanding of Mandu's cultural significance and its influence on architectural evolution in India.

A sketch may serve a number of purposes: it might record something that the artist sees, it might record or develop an idea for later use or it might be used as a quick

way of graphically demonstrating an image, idea or principle. Sketching is the most inexpensive art medium.

Faculty: Prof. Pratik Lohiya
Date: 26/10/2023
Time: 12:00 PM to 02:30 PM
Total Number of Students: 5

A case study in design offers a diverse set of learning outcomes. It enhances problem-solving abilities, refining students' capacity to analyze complex design challenges and formulate effective solutions. It sharpens design skills, promoting the creation of aesthetically pleasing and functional architectural solutions. Students deepen their technical knowledge, gaining insights into construction materials, technologies, and architectural principles. Effective communication and critical thinking skills are cultivated. Additionally, project management competencies are developed, along with an understanding of environmental impact and sustainable design. This approach also fosters contextual awareness, appreciating historical, cultural, and social influences on design.

Goa Market - Study

Mackie's is a night market that takes place along the banks of River Baga. It was once part of the Ingo's Night Bazaar.
Open Time: November - April
Timings: 6:00 PM - 1:00 AM

Located on the beach, it has rows and rows of shacks selling trinkets, jewelry, cafes selling freshly brewed coffee and pork, and tarot card readers and palmists who give insights into your future.

Le Souk by the Amarya Group is considered to be Goa's first luxury market selling high end and expensive clothes. It is an open-air bazaar which sells clothes made by Indian as well as international designers displayed in huge tents.

Often considered as a hippie flea market, the streets lined with Indian shops of Arambol are filled with leather accessories, jewellery, crystals, dream-catchers, music CDs and DVDs, lampshades, clothes, hammocks and many other trinkets.

Arambol Drum Circle & The Hippie's Market In Goa

Most of these people are long term travelers and backpackers from various countries trying to make an income to sustain their travels. You get many things to buy here – hand-made jewellery, fashionable outfits, musical instruments, herbal products, paintings, local food, antique jewellery, souvenirs and much more.

Goa Collective Bazaar

The Goa Collective Bazaar at HillTop is a Friday night flea market includes a kids area, healing area and lots of yum food, they're a unique set-up that come with the promise of 'everything curated with love'. Trippy tees, Mario Miranda's artworks, a sassy new haircut under the tree, gorgeous accessories, mouth harps, shell anklets, yoga mats, natural skincare, ethical fashion, brass necklaces… This freewheeling market is full of amazing knick knacks.

Site Study - Barganza House

House, built in the 17th century and stretching along one whole side of Chandor's village square, is the biggest Portuguese mansion of its kind in Goa and the best example of what Goa's scores of once-grand and glorious mansions have today become. Granted the land by the King of Portugal, the Braganza family built this oversized house, which was later divided into the east and west wings when it was inherited by two sisters from the family.
Both sides are open to the public daily. There are no set tour times, but if you enter either side a family member or representative should give you a guided tour and regale you with a few stories of the lifestyles of the landed gentry during Goa's years of Portuguese rule.

The West Wing belongs to one set of the family's descendants, the Menezes-Bragança. It's well maintained and more like a museum than a home, filled with gorgeous Belgian glass chandeliers, Italian marble floors and antique treasures from Macau, Portugal, China and Europe.

The East Wing is owned by the Pereira-Braganza family, descendants of the other half of the family. It's not as grand and well-maintained as its counterpart but is beautiful in its own lived-in way and is also crammed with antiques and collectables from around the world. It features a large ballroom with marble floor, but the high point is the small family chapel, which contains a carefully hidden fingernail of St Francis Xavier.

Site Study - Fernandes House

The Portuguese left a visible mark on the structures and delicacies in Goa. Sara Fernandes House is a 500 years Heritage house which was built even before the Portuguese arrival. Located in Chandor “Voddlem Ghor” has a large ballroom, spacious verandah, French glass windows, mirrors and crystal chandeliers which adorn the beauty of the place. Tall vases, Piano and lamps add to the unusual style of architecture.
Sara the eldest member of the Fernandes family lives in the mansion with her three sons and their families. There is no doubt that the Fernandes House is the one last chapter from books of history which beautifully blends the rich past into humble present ,awaiting a secured future.

With the arrival of the Portuguese, the house underwent a gradual change. The façade was made towards the road. With the Portuguese came the influence of the western culture. The ballroom consists of a spacious verandah, long French glass windows, a wooden floor with baroque styled furniture, a large Belgian mirror, crystal chandeliers and crystal lamp holders adorn the wall. Tall solitaire vases, a piano and antique oil lamps are some of the showpieces in the ballroom
The house displays a granite stone pillar with an inscription in Kannada script that dates back to 7th century. It mentions the name of the sculptor Desloja who wrote the record on that stone.

Museum - Big Foot, South Goa

Big Foot Museum is a museum and a theme park based in the South Goa, India, village of Loutolim in the sub-district of Salcete. It is a museum dedicated to rural Goan life. It was founded and is run by the artist Maendra Alvares. Loutolim is close to Margo.

Address: Cross Museum, Main Road, Salcete District, Loutolim, Goa

Church - Basilica of Bom Jesus

The Basilica of Bom Jesus is a Catholic basilica located in the Goa situated in the Konkan region of India. It is both a pilgrimage centre and also the most iconic monument of all the churches and convents of Goa, recognised by UNESCO as a World Heritage Site.

Museum - Houses of Goa

The Houses of Goa museum is found in the Salvador do Mundo (Savior of the World) village in Porvorim, away from the Mapusa highway. It is a triangular multi level building that closely resembles a ship marooned on an island. It is a museum created by a well-known local architect - Gerard da Cunha.

Museum - Kala Academy

The Kala Academy Goa was established by the Govt.of Goa on 28th February 1970 with the approval of Govt. of India, as an apex body to develop Music, Dance, Drama, Fine Art, Folk Art, Literature etc. and thereby promote cultural unity of this State. Kala Academy Goa has a distinctive character of imparting training through its various faculties besides organizing on regular basis, festivals, competitions, exhibitions, workshops, seminars, discussions and debates, performances and taking up schemes and activities for preservation of traditional art forms.

Art Gallery - Mario Miranda

Right next to the Houses Of Goa Museum, lies a gallery-meets-store dedicated to Goa's most celebrated artist, Mario Miranda. We say, when in North Goa, do stop by for a tour. You'll love how the whole space looks with its life-sized statues.

Church - Our Lady of Immaculate Conception

The white sparkling church is majorly famed for its architecture and its flight of stairs that zigzag to the top. Another attraction of the church is the Augustinian Bell located in the belfry, which also the second largest bell in Goa.

The rationale of the RSP I is focusing on the understanding and developing an observant eye towards our architectural and building traditions which is dovetailed to cultural and geographical nuances of the region. Hence it is important also to thoroughly study the region, in order to acquire an insight towards the historical timepieces of traditions.

To experience, observe and document traditional (and contemporary) built environment and natural & formal responses at scale of dwelling, cluster of dwellings, settlements and institutions so as to understand relation of traditional and historical practices and architectural manifestation in a place (Learning's of the past knowledge system) to develop documents and references for further learning, academic research and teaching.

About the RSP (Related Study Program):

Design as Culture: A study of indigenous design attributes with an understanding of habitat, society and environment.

Kutch
January 08 - 13, 2022

Kutch literally means something which intermittently becomes wet and dry; a large part of this district is known as Rann of Kutch which is shallow wetland which submerges in water during the rainy season and becomes dry during other seasons. The same word is also used in Sanskrit origin for a tortoise. The Rann is known for its marshy salt flats which become snow white after the shallow water dries up each season before the monsoon rains.

The district is also known for ecologically important Banni grasslands with their seasonal marshy wetlands which form the outer belt of the Rann of Kutch.

Intent:

The study aims to understand, logical relations and correlations observed in cultural narratives which are represented in the geographical, socio-cultural, cosmological and techno-economic manifestations as principles and attributes of indigenous design attributes. A study of ethnography is also to be attempted to document the lifestyle, beliefs, narratives and customs of the tribal communities.

Outcome (Benefits to students, faculties, school and university):

1. Documentation of the habitat and its settlement pattern
2. Detailed study and measure draw traditional shelters
3. Terrain and Topography of the settlement
4. Understand the location and layout of the traditional shelters
5. Document the spatial configuration in a typical dwelling
6. Understand the Light, Ventilation and Climatic aspects of each dwelling.
7. Identify other functions of the settlements; open spaces, puddles for cattle etc.
8. Sketching and Representation of the dwellings
9. Identify craft forms and social art present in tribal culture; customs, beliefs, lifestyle, attire, occupation and study various modes of survival
10. Photographic documentation.

Subject: Visit of Budding Future Doctors on 22/07/2019 (Monday).

Dear Sir / Madam,

We thank you for sending BHMS Students (84) and Staff (04) for acquiring practical knowledge on July 22, 2019 (Monday) at 10am at our factory.

We confirm that they were conducted by our experienced staff around all aspects of our factory and were explained in detail various aspects of manufacturing of Homoeopathic medicines by following GMP compliances.

A detailed question/answer session with slide show was also conducted by our scientific experts on various aspects of Homoeopathy.

Thanking you once again and we will be looking forward for similar visit next year also.

SWARNIM STARTUP & INNOVATION UNIVERSITY

Institute of Design

Patan heritage case study for foundation design studio

Faculty: Prof.Preyan Menta,Prof,Zalak shah
Date: 30/12/2019-31/12/2019
Total Number of Students: 34

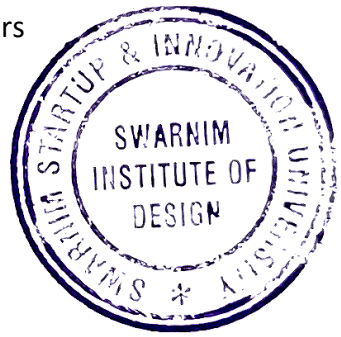

A case study in design offers a diverse set of learning outcomes. It enhances problem-solving abilities, refining students' capacity to analyze complex design challenges and formulate effective solutions. It sharpens design skills, promoting the creation of aesthetically pleasing and functional architectural solutions. Students deepen their technical knowledge, gaining insights into construction materials, technologies, and architectural principles. Effective communication and critical thinking skills are cultivated. Additionally, project management competencies are developed, along with an understanding

of environmental impact and sustainable design. This approach also fosters contextual awareness, appreciating historical, cultural, and social influences on design.
