Flow of Event-

Program started at 10 am and continued till 12:30 pm

Significance/Outcome:

Environmental and Aesthetic Benefits: Plantation on a university campus significantly improves air quality, reduces urban heat, and enhances the overall aesthetic appeal of the environment. By creating green spaces, it supports local biodiversity, helps in soil conservation, and offers cooling effects, contributing to a healthier and more pleasant campus atmosphere.

Educational and Well-being Impact: Plantations provide valuable hands-on learning experiences for students in fields like environmental science, horticulture, and sustainability. Additionally, these green areas offer tranquil spaces that promote relaxation and mental well-being, fostering a positive and engaging atmosphere for both academic and personal growth.

Coordinator	DR AMITA V PETERS DR NAVEEN BANARSEE DR AMIT VYAS

OBJECTIVES OF EVENT:-

The initiative aimed contribute to environmental sustainability through tree planting. The event also include da door-to-door survey, fostering community engagement and awareness.

The objective of establishing plantations on a university campus is to create a vibrant and sustainable environment that enhances the aesthetic appeal and ecological health of the campus. These plantations aim to improve air quality, provide shade, and support biodiversity, while also serving as living laboratories for students and researchers to study plant sciences, environmental management, and sustainable practices. Additionally, campus plantations foster a sense of community and well-

being among students, faculty, and staff, contributing to a more pleasant and engaging learning and working atmosphere.

EVENT DETAILS:-

Students were reached at Bileshvarpura around 10:15am, Medical officers welcomed students and faculties. After that Deep Pragtya ceremony

SIGNIFICANCE

Plantation on a university campus holds significant value by enriching the campus environment both environmentally and educationally. It enhances the aesthetic and ecological quality of the grounds, promoting cleaner air, reducing urban heat, and supporting local wildlife. Educationally, it provides practical learning opportunities for students in fields such as botany, environmental science, and landscape architecture. Furthermore, well-maintained green spaces foster a positive and tranquil atmosphere, contributing to the well-being and mental health of students and staff, and encouraging a culture of sustainability and environmental stewardship within the academic community.
