Swarnim School of Computing & IT

Year: 2021-2022

Subject: Time Management

Subject Code: VACTM

Program:	BCA/B.SC.-IT	Branch:	All
-----------------	--------------	----------------	-----

Hours:- 36 hrs.

Objective:- The current study sought to ascertain the relationship between students' time management abilities and academic achievement. Time management is critical, and it can have an impact on an individual's overall performance and achievements.

All of these, however, are linked by how people manage their time to fit their daily lives or to make it flow steadily with their routines. Aside from having good lectures given by their teachers, conducive settings and environments will undoubtedly promote positive outcomes for the students.

Nonetheless, students' time management is one of the factors that can influence a student to be a good student. For students to shine, good time management is essential.
