# INTRODUCTION

As we embrace the advancements in technology, the need for a more efficient examination process has become increasingly important. This manual serves as a comprehensive guide to our newly implemented exam automation system, designed to enhance the overall exam experience for students and faculty alike.

The primary objective of this automation is to streamline various aspects of the examination process, from scheduling and administration to grading and feedback. By minimizing manual tasks and reducing the potential for errors, we aim to create a more efficient and user-friendly environment.

In this manual, you will find detailed instructions on how to navigate the automated system, including the creation and management of exams, as well as guidelines for students on accessing their exam materials. We also address common challenges and provide solutions to ensure a smooth transition to this new system.

Our commitment to innovation in education drives us to adopt these technological solutions, ultimately aiming for a fair and transparent examination process. We hope this manual will serve as a valuable resource as we move toward a more modern approach to assessments.

It is organized into three sections as follows.

1. Student Portal
2. Faculty Portal
3. Examination Portal

## **Examination Module:**

### 1. Internal Examination:

- ❖ Exam Title
- ❖ Exam Center
- ❖ Exam Session
- ❖ Exam & Class Mapping
- ❖ Mark Settings
- ❖ Exam Schedule
- ❖ Seat no Allocation
- ❖ Mark Entry

### 2.External Examination:

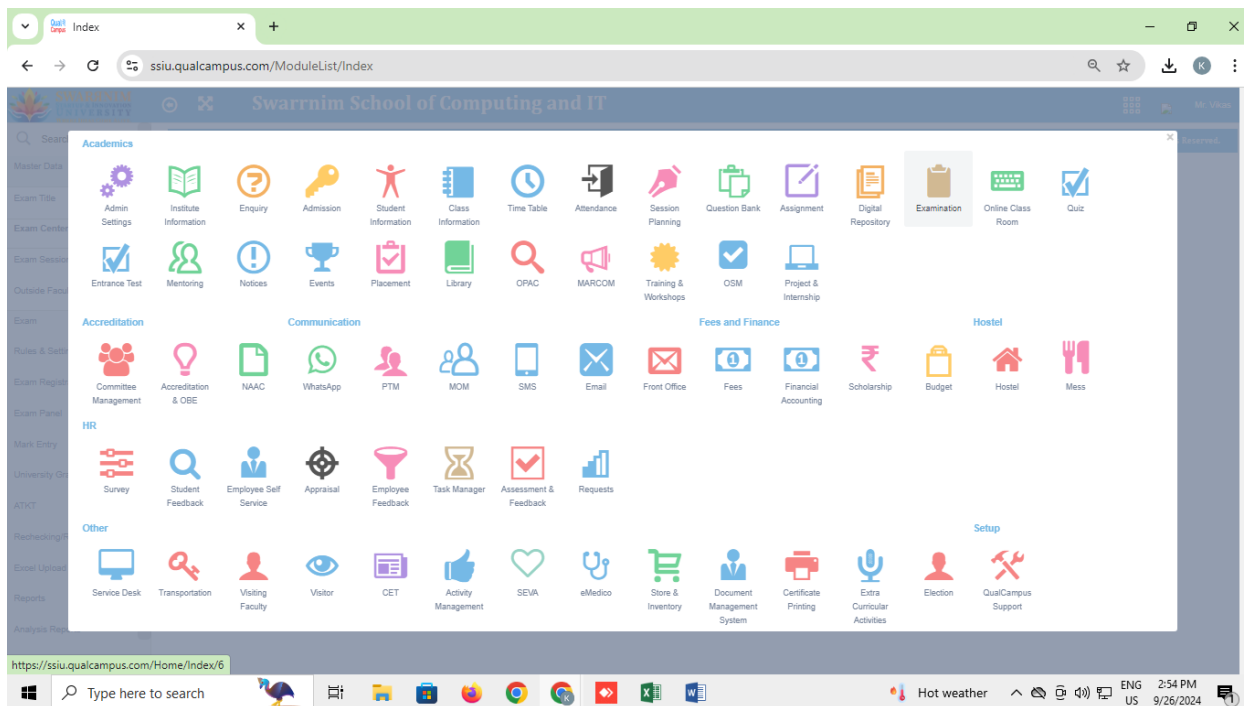

- ❖ Exam Title
- ❖ Exam Center
- ❖ Exam Session
- ❖ Exam & Class Mapping
- ❖ Mark Settings
- ❖ Exam Schedule
- ❖ Seat no Allocation
- ❖ Duty Chart
- ❖ Seating Arrangement
- ❖ Supervision Report
- ❖ Exam Grade Settings
- ❖ Exam Registration
- ❖ Mark Entry
- ❖ Freeze Grades
- ❖ Report Cards
- ❖ Exam Hall Ticket
