- **Understanding the Job Market:** Prof. Manoj Rami provided an overview of the current job market, discussing employment trends, in-demand industries, and the skills employers are seeking. The session emphasized the importance of staying informed about market changes and adapting accordingly.
- **Job Search Strategies:** A session on effective job search strategies was conducted by Prof. Manoj Rami. This included advice on using job portals, networking, leveraging social media, and attending job fairs. The speaker also discussed the importance of setting career goals and developing a job search plan.
- **Resume Building and Cover Letter Writing:** Practical advice on creating an effective resume and cover letter was provided by Prof. Manoj Rami. This session covered tips on structuring resumes, highlighting relevant experience and skills, and customizing cover letters for specific job applications.
- **Interview Preparation:** Prof. Manoj Rami offered guidance on preparing for job interviews. Topics included researching the company, understanding the job role, practicing common interview questions, and presenting oneself professionally. The session also covered tips for virtual interviews.
- **Skill Development:** A segment focused on the importance of continuous skill development was included. Prof. Manoj Rami discussed various ways to enhance skills through online courses, workshops, and professional certifications, emphasizing how this can increase employability.
- **Success Stories and Professional Insights:** A panel of professionals shared their career journeys, discussing the challenges they faced and the strategies they used to overcome them. This segment aimed to inspire and motivate participants by providing real-life examples of career success.
- **Interactive Q&A Session:** The seminar concluded with an interactive Q&A session, allowing participants to engage with the speakers, ask questions, and seek personalized advice. This segment was highly engaging and provided valuable insights to the attendees.

AARIHANT INSTITUTE OF NURSING

Activity Report

Institute	Arihant institute of nursing		
Department	Nursing		
Activity Type	One day session		
Date	22/10/2022	Duration	1 day
Semester	4 th year B.SC Nursing	No. of Students	57
Name with Designation	Ms. Nirmika Acharya, Assistant professor		
Expert contact details	Dr. Amit Vyas, Principal		
Faculty Coordinator	Ms. Parul Makwana		
Sponsoring authority	Principal/Registrar	Sponsorship amount:	As per University Norms

Cybersecurity and Data Privacy

Cybersecurity and data privacy are critical concerns in the digital age, especially for organizations that handle sensitive information. Ensuring the protection of data from unauthorized access and breaches is essential for maintaining trust and compliance with legal and regulatory requirements. This report highlights the importance of cybersecurity and data privacy, key components, strategies for safeguarding information, and common challenges.

Details about the activity:

- A one day session for the students of year B.Sc nursing students was arranged on 12 october 2022. The session was conducted in class . The session started with a brief explanation about what is **cybersecurity and data privacy**, and and discuss the how to protectpatients sensitive information , how to gain the cinfidance between the patient and staff wich helps to students to develop personal interests, strengths, and values, exploring potential career paths, setting goals, and developing strategies to achieve them. This whole session conducted by Ms. Nirmika Acharya , Assistance Professor , Nursing Institute, Gandhinagar.

Effective cybersecurity and data privacy practices are crucial for:

- Protecting Sensitive Information:** Safeguarding personal, financial, and health-related data from unauthorized access and breaches.
- Maintaining Trust:** Ensuring that customers and stakeholders have confidence in the organization's ability to protect their information.
- Compliance:** Adhering to legal and regulatory requirements related to data protection, such as GDPR and HIPAA.

The primary objectives of the "CareerConnect 2022-23" event were:

1. To educate students about the diverse career opportunities available in the tech industry.
2. To update students on the latest trends and technologies shaping the IT sector.
3. To offer personalized career advice through interactions with industry professionals.
4. To assist students in creating strategic career development plans.
5. To facilitate networking between students and industry experts.

••Inauguration and Welcome Address

- The event began with a welcome address by the college principal, emphasizing the significance of career planning and the role of the event in helping students achieve their professional goals.

- A distinguished industry expert delivered the keynote session, focusing on the future of technology and the importance of staying updated with emerging trends. The speaker highlighted the need for continuous learning and adaptability.

- A panel of seasoned professionals from various tech sectors, including software development, cybersecurity, data science, and IT management, shared their career experiences and insights. They discussed the skills and qualities needed to succeed in their respective fields.

- Specialized breakout sessions addressed the specific interests of BCA, BScIT, and MCA students. Topics included:
 - Career paths in software development
 - Advances in artificial intelligence and machine learning

Activity Report

School	Swarnim Science College		
Activity Type/Title	Carreer Counseling : Industrial Career Development Specialist		
Date	02/02/2022	Duration	1 day
Semester	3,5	No. of Students	90
Name with Designation	Patel Sahil Kumar, field operator		
Name of Organization	Meridian Company		
Faculty Coordinator	Vipul Sadava		
Faculty contact details	+91- 9016931688		
Sponsoring authority	Principal/Registrar		

Details about the activity:

1. Interactive Workshops
 - Host workshops on QC methodologies (e.g., Six Sigma, ISO standards) where students can participate in hands-on activities, such as analyzing samples or conducting tests.
2. Quality Assurance Projects
 - Engage students in real or simulated QC projects, allowing them to apply concepts like inspection, testing, and quality improvement processes.
3. Guest Lectures from QC Professionals
 - Invite QC managers or quality engineers to share their experiences, highlighting the importance of quality in industry and discussing career paths.
4. Site Visits to QC Labs
 - Organize tours of QC labs or manufacturing facilities, giving students insight into the daily operations and challenges faced by QC teams.
5. Certification Preparation
 - Provide information on relevant certifications (e.g., Certified Quality Technician) and offer resources or study groups to prepare students for these credentials.

Swarnim Startup & Innovation University
Swarnim Science College
Career Counselling 2021-22

6. Case Studies

- Analyze real-world case studies of quality failures and successes in various industries.
- Discuss the role of QC in preventing issues and ensuring product reliability.

7. Mentorship Programs

- Pair students with QC professionals for mentorship, allowing them to gain insights and advice on navigating their careers.

8. Problem-Solving Competitions

- Organize competitions where students solve quality-related problems, fostering teamwork and critical thinking skills.

9. Career Pathways Discussions

- Facilitate discussions on various career options within QC, including roles in inspection, testing, compliance, and quality management.

10. Soft Skills Training

- Offer training sessions on communication, teamwork, and analytical thinking, emphasizing their importance in QC roles.

By implementing these activities, you can inspire students to pursue careers in Quality Control and help them understand the critical role of quality in industry.

Activity Report

School	Swarnim Science College		
Activity Type/Title	Career Counseling : Future of Microbiologist		
Date	08/05/2022	Duration	1 day
Semester	Bsc sem 6	No. of Students	62
Name of speaker with Designation	Dr Priya Vithlani, Lecturer		
Name of Organization	Darshan University		
Faculty Coordinator	Vipul Sadava,		

Introduction

Microbiology, the study of microorganisms such as bacteria, viruses, fungi, and protozoa, has become a cornerstone in the fields of medicine, agriculture, environmental science, and biotechnology. The future of microbiologists is bright, with expanding roles in areas such as infectious disease research, pharmaceuticals, environmental monitoring, and biotechnology. In this report, Dr. Priya Vithlani, a seasoned microbiologist and expert in microbial sciences, sheds light on the evolving landscape for microbiologists and the opportunities that lie ahead.

1. Role in Healthcare and Infectious Disease Research

A. Emerging Infectious Diseases

As the world continues to face new and re-emerging infectious diseases, microbiologists play a crucial role in detecting, analyzing, and mitigating the spread of pathogens. Dr. Vithlani emphasized that with global challenges such as antibiotic resistance, pandemics like COVID-19, and the ongoing threat of zoonotic diseases (those transmitted from animals to humans), microbiologists are at the forefront of public health efforts.

The future will see microbiologists increasingly involved in epidemiology, vaccine development, and creating diagnostic tools to identify pathogens swiftly and accurately. Their work will be critical in preventing and controlling outbreaks of diseases in humans and animals.

B. Antibiotic Resistance

SWARNIM SCIENCE COLLEGE
BHOYAN RATHOD, GANDHINAGAR, KALOL, CHHATTISGARH

Swarnim Startup & Innovation University
Swarnim Science College
Career Counselling 2021-22

Antibiotic resistance is one of the most pressing global health challenges. Dr. Vithlani highlighted that microbiologists are key players in combating this issue by researching novel antibiotics, understanding resistance mechanisms, and developing alternative treatments, such as bacteriophage therapy. The demand for microbiologists in research institutions, healthcare, and pharmaceuticals will continue to grow as new strategies are required to outpace antibiotic-resistant superbugs.

2. Biotechnological Advancements

A. Genetic Engineering and Synthetic Biology

The rapid advancement of genetic engineering and synthetic biology has opened new avenues for microbiologists. Dr. Vithlani discussed how microbiologists are increasingly working on genetically modifying microorganisms for various purposes, such as producing biofuels, pharmaceuticals, and biodegradable materials. Synthetic biology, in particular, allows scientists to design and construct new biological parts, systems, and organisms, giving microbiologists the ability to innovate across industries.

Future microbiologists will play a central role in applying these technologies to solve global challenges such as energy sustainability, food security, and environmental conservation.

B. Industrial Applications

Microbiologists are also pivotal in industrial biotechnology, where they optimize microbial processes for large-scale production of enzymes, chemicals, and biofuels. Dr. Vithlani pointed out that as industries move towards sustainable practices, microbiologists will lead the development of microbial systems that can convert waste into valuable products, support the creation of biodegradable plastics, and contribute to cleaner energy alternatives.

With the rising focus on the circular economy, microbiologists will be critical in driving industrial innovations that minimize environmental impact.

3. Environmental Microbiology and Sustainability

A. Microbial Ecology and Climate Change

Environmental microbiologists study microorganisms in ecosystems and their impact on the environment. Dr. Vithlani explained that understanding microbial communities and their interactions is essential for addressing environmental issues such as pollution, waste management, and climate change. Microbiologists are already involved in efforts to mitigate greenhouse gas emissions, develop microbial solutions for bioremediation of contaminated environments, and enhance agricultural sustainability.

In the future, microbiologists will contribute to the development of eco-friendly technologies, such as using microbes to clean up oil spills, reduce methane emissions from agriculture, and improve soil fertility through microbial inoculants.

B. Water Quality and Sanitation

As global populations rise, access to clean water and sanitation becomes increasingly important. Microbiologists will continue to play a vital role in water quality monitoring, detecting harmful pathogens, and developing advanced water treatment methods. Dr. Vithlani emphasized that future microbiologists will be instrumental in ensuring sustainable water management systems and developing microbial technologies to purify water in resource-limited settings.

4. Agriculture and Food Security

A. Sustainable Agriculture

Microbiologists contribute to improving agricultural productivity by studying soil microbiomes and their role in plant health. Dr. Vithlani mentioned that future microbiologists will work on developing microbial solutions to enhance crop yields, reduce the need for chemical fertilizers, and promote sustainable farming practices. Microbes can be harnessed to boost plant resistance to diseases and stress, thereby improving food security in the face of climate change and population growth.

B. Food Safety

Microbiologists are also crucial in ensuring food safety. They help detect foodborne pathogens, monitor contamination in food production, and develop preservation techniques to extend the shelf life of perishable goods. In the future, microbiologists will likely focus on creating microbial-based biosensors to detect contaminants in real time and develop natural microbial preservatives as alternatives to chemical additives.

5. Personalized Medicine and Microbiome Research

A. Human Microbiome

The human microbiome—the community of microorganisms living in and on the human body—has garnered significant attention in recent years. Dr. Vithlani highlighted that microbiologists will play a leading role in microbiome research, particularly in understanding how the gut microbiota influences health, disease, and immunity. Research into the microbiome has the potential to revolutionize medicine by leading to personalized treatments for conditions such as inflammatory bowel disease, obesity, diabetes, and even mental health disorders.

Webinar on opportunities in foreign countries for physiotherapist

Name and Type of Event/Activity	Webinar on opportunities in foreign countries for physiotherapist
Organized by:	Venus institute of Physiotherapy
Department	Physiotherapy Department
Name of coordinators	All physiotherapy staff members
Time	3:00 P.M Onwards
Participants	All Bachelor of Physiotherapy Students

Brief outline addressed camp:-

On 7th Feb 2022, Venus Institute of Physiotherapy was organized webinar on scope & opportunities in foreign countries for physiotherapist. Student who wants to go foreign for further study so for them institute has organized this webinar.

Speaker of this webinar was Saikat Bhowmik (Assistant Manager Business Development, IDP Education). Who guide our students about popular countries of education which are Australia, USA, UK, New Zealand, Canada, and Ireland. Then he also discussed with the reason why to study on particular country and discussed about opportunities in every country. So on basis of that student can choose the country of their interest for further study.

He also shared with the students services of IDP which are course and university selection, Application submission, visa counselling. Then he also shared the name of exams which required for foreign countries are IELTS, TOEFL, GMAT-MBA, GRE and which exams are mandatory require for one particular country. He also discussed about in which country which course is demandable.

At the end of the session students were interacted with the speaker and asked there doubt. The expert were solved there doubt.

Event Title: Webinar on Competitive Exams

Date: 04/04/2022

Time: 9:30 AM to 12:30 PM

Speaker: Mr. Rahul Rau

Faculty Coordinator: Dr. Ankita Sinha

Objective:

The webinar on competitive exams was organized by the Venus Institute of Physiotherapy to provide valuable insights and guidance to students preparing for various competitive examinations. The objective was to equip participants with effective strategies and resources to enhance their exam preparation.

Event Overview:

The event commenced at 9:30 AM Seminar hall and welcome our speaker Mr. Rahul Rau , gathering students and faculty interested in exploring the dynamics of competitive exams Mr. Rahul Rau served as the faculty coordinator and led the session, sharing her expertise and experiences.

Content Covered:

During the webinar, Mr. Rahul Rau discussed the following key topics:

1. **Understanding Competitive Exams: (9:30 AM - 9:45 AM)**
 - o Types of competitive exams relevant to physiotherapy and healthcare.
 - o Importance of competitive exams in career advancement.
2. **Preparation Strategies: (9:45 AM - 10:45 AM)**
 - o Effective study techniques and time management.
 - o Resources and materials for comprehensive preparation.
3. **Mock Tests and Practice:**
 - o The significance of mock tests in assessing readiness.
 - o Techniques for analyzing performance and improving weak areas.
4. **Motivation and Mental Well-being: (10:45 AM - 12:30 PM)**
 - o Strategies to maintain motivation during preparation.
 - o Tips for managing stress and anxiety related to exams.

Participant Engagement:

The webinar facilitated an interactive environment, encouraging participants to ask questions and share their concerns. Mr. Rahul Rau addressed various queries, fostering a supportive learning atmosphere.

Introduction

The Venus Institute of Physiotherapy is committed to empowering its students with the necessary tools and insights to navigate their career paths successfully. On 10/08/2022, we organized a comprehensive Career Counseling session and the speaker is Miss. Devanshi Maheta aimed at providing our students with valuable guidance regarding their future professional journeys.

Objectives of the Event

The primary objectives of the career counseling session were:

1. Guidance on Career Options: (9:30 AM - 9:45 AM)

To expose students to various career paths available in physiotherapy and related fields.

2. Skill Development: (9:45 AM - 10:45 AM)

To identify the essential skills and qualifications needed for different careers and how students can develop these competencies.

3. Networking Opportunities: (10:45 AM - 12:00 PM)

To facilitate connections between students and experienced professionals in the field.

Shah
Date: 2010.10.10 19:36:46 +0530

2. **Create a Study Plan:** Develop a realistic and structured study plan, allocating time for each subject based on its weightage and your proficiency. Ensure to include time for revision and practice tests.
3. **Conceptual Clarity:** Focus on understanding the core concepts rather than rote learning. Use standard textbooks and reference materials to build a strong foundation in each subject.
4. **Practice and Revision:** Solve previous years' GATE papers and take regular mock tests to assess your preparation level. Analyze your performance to identify weak areas and work on improving them.
5. **Time Management:** Develop good time management skills by practicing under timed conditions. This will help you allocate appropriate time to each section during the actual exam.
6. **Join Coaching or Study Groups:** Consider joining a reputable coaching institute or forming study groups with peers for structured guidance and doubt-clearing sessions.
7. **Stay Updated and Motivated:** Keep yourself updated with any changes in the exam pattern or syllabus. Stay motivated, maintain a positive attitude, and take care of your health to perform your best on the exam day.

Counselling Report: Recent Trends in Software Industry

Date: September 5, 2022

Time: 10:30 AM - 12:15 PM

Presenter: Atul Jain, TOPS Technologies, Ahmedabad, Gujarat

Location: Seminar Hall, Swarnnim Startup & Innovation University, Gandhinagar

Audience: 5th Semester /3rd Year B.Tech Students (Computer /IT Branch)

Introduction

On September 5, 2022, Atul Jain from TOPS Technologies delivered an engaging seminar titled "Recent Trends in Software Industry" to 5th semester B.Tech students at Swarnnim Startup & Innovation University. This session aimed to update students on the latest trends and advancements in the software industry, equipping them with knowledge crucial for their future careers.

Key Points Discussed

Current Industry Trends

- Artificial Intelligence (AI) and Machine Learning (ML):**
 - Increasing integration in applications for enhanced functionality.
 - Growth in demand for AI/ML skills.
- Cloud Computing:**
 - Shift towards cloud-based solutions for better scalability and cost-efficiency.
 - Popular platforms: AWS, Azure, Google Cloud.
- DevOps:**
 - Adoption of DevOps practices for faster delivery and improved software quality.
 - Key tools: Docker, Kubernetes.
- Cybersecurity:**
 - Rising importance due to increasing cyber threats.
 - Essential cybersecurity measures and practices.
- Internet of Things (IoT):**
 - Expansion of IoT devices and need for robust software to handle data.

Date: 2024.10.10 10:45:46 +05'30'

Aim: To aware students about Career counseling because it is essential for students to make informed decisions about their future. A well-structured career counseling plan helps students explore their interests, abilities, and values to choose a suitable career path.

Significance/Outcome: The significance/outcomes are as below:

- This session helped students identify their strengths and interests.
- Students came to know the guidance on career options and career pathways.
- This will be helpful in developing a plan to achieve their career objectives.
- The major objective behind organizing such seminar is to encourage young minds to develop an interest in all sorts of enterprises, and to encourage them to dream big in life.
- This would be helpful for them understand their own potential and get motivated to work towards the same.

Conclusion: This seminar was truly professional and well managed till the end. The staff and students were thankful to the Expert and **Swarnim Startup and Innovation University's** management for granting the permission for this seminar.

A well-structured career counseling plan helps students explore their interests, abilities, and values to choose a suitable career path.

Significance/Outcome: The significance/outcomes are as below:

- This session helped students identify their strengths and interests.
- Students came to know the guidance on career options and career pathways.
- This will be helpful in developing a plan to achieve their career objectives.
- The major objective behind organizing such seminar is to encourage young minds to develop an interest in all sorts of enterprises, and to encourage them to dream big in life.
- This would be helpful for them understand their own potential and get motivated to work towards the same.

Conclusion: This seminar was truly professional and well managed till the end. The staff and students were thankful to the Expert and **Swarnim Startup and Innovation University's** management for granting the permission for this seminar.

AARIHANT INSTITUTE OF NURSING

Activity Report

Institute	Arihant institute of nursing		
Department	Nursing		
Activity Type	One day session		
Date	13/05/2020	Duration	1 day
Semester	3rd year	No. of Students	57
Name with Designation	Ms. Senha and Mr. Manav		
Expert contact details	Mr. Amit Vyas , Principal		
Faculty Coordinator	Ms. Nirmika Acharya		
Sponsoring authority	Principal/Registrar	Sponsorship amount:	As per University Norms

The CPR training session for nursing students was conducted to enhance their life-saving skills and ensure they are well-prepared to handle emergency situations effectively. The training focused on the principles and techniques of Cardiopulmonary Resuscitation (CPR), emphasizing the importance of quick and efficient response during cardiac emergencies.

The session was structured into theoretical and practical segments, covering the following topics:

Theoretical Segment:

- Introduction to CPR and its significance.
- Understanding the anatomy and physiology related to CPR.
- Recognizing cardiac arrest and other emergencies requiring CPR.
- Overview of the CPR guidelines by the American Heart Association (AHA).
- Legal and ethical considerations in administering CPR.

Practical Segment:

- Demonstration of CPR techniques on mannequins.
- Step-by-step instruction on performing chest compressions and rescue breaths.
- Hands-on practice for students under the supervision of the instructor.
- Use of Automated External Defibrillators (AEDs).
- Scenario-based training to simulate real-life emergencies.

Aarohant Institute of Nursing
Bhojan Rathod, Gandhinagar.

Hands-on workshops were organized to help students enhance their technical skills and understand industry requirements. Workshops included:

- Coding bootcamps
- Resume building and interview preparation
- Networking and personal branding
- Soft skills development

Students had the opportunity to engage in Q&A sessions with industry experts, seeking personalized career advice and clarifications on their doubts. Career guidance counselors were available for one-on-one sessions to provide tailored career planning assistance.

A networking lunch was organized to facilitate interactions between students, industry professionals, and faculty members, encouraging the exchange of ideas and building professional connections.

The "TechFuture Pathways" event proved to be highly significant for the participating students:

- 1. Enhanced Career Awareness**
 - Students gained a deeper understanding of various career paths available in the tech industry, enabling them to make informed decisions about their future.
- 2. Skill Development**
 - The interactive workshops and breakout sessions provided practical skills and knowledge, preparing students for the demands of the industry.
- 3. Personalized Guidance**
 - One-on-one career guidance sessions helped students develop personalized career plans, setting clear goals and actionable steps for their professional growth.
- 4. Networking Opportunities**
 - The event created a platform for students to connect with industry experts and peers, fostering a sense of community and opening doors to potential job opportunities and mentorship.

Activity Report

School	Swarnim Science College		
Activity Type/Title	Career Counseling: Start-up Ecosystem		
Date	01/01/2021	Duration	1 day
Semester	BSc/ MSc 6,4	No. of Students	43
Name of the speaker with Designation	Mr. Deep Mehta, Educational Professional		
Name of Organization	PR Media & Brand Strategist		
Faculty Coordinator	Vipul Sadava,		

Introduction

The startup ecosystem has seen explosive growth in recent years, with innovation driving the creation of new businesses across various industries. Startups are not only reshaping traditional sectors but are also introducing groundbreaking ideas in technology, healthcare, education, and finance. Mr. Deep Mehta, a seasoned entrepreneur and venture capitalist, shares his insights on the current state of the startup ecosystem and what it takes for startups to thrive in today's competitive environment.

Key Components of a Startup Ecosystem

1. Entrepreneurial Culture

Mr. Mehta emphasized the importance of a robust entrepreneurial culture in fostering innovation and risk-taking. This culture is nurtured in environments that encourage creativity, collaboration, and a willingness to fail and learn. In dynamic startup ecosystems, such as Silicon Valley or Bangalore, the community actively supports new ideas, and there is a constant exchange of knowledge and resources. Aspiring entrepreneurs benefit from mentorship and peer learning, which helps them navigate the complexities of starting a business.

2. Access to Capital

Access to funding is a critical factor in the success of any startup. According to Mr. Mehta, the availability of venture capital, angel investors, and government grants plays a crucial role in turning ideas into viable businesses.

As per

Swarnim Startup & Innovation University
Gandhinagar, Gandhinagar
Bhayan Rathod, Gandhinagar

Startups rely on a supportive infrastructure that includes incubators, accelerators, and co-working spaces. Mr. Mehta underscored the significance of these institutions, which offer startups resources such as mentorship, office space, and networking opportunities. Incubators and accelerators also provide valuable guidance on business development, product-market fit, and scaling strategies, which are critical during the early stages of growth.

Technological innovation is at the heart of most successful startups. According to Mr. Mehta, emerging technologies such as artificial intelligence (AI), blockchain, the Internet of Things (IoT), and fintech are providing new opportunities for disruption across various industries. Startups that effectively leverage technology can scale faster, reach global markets, and differentiate themselves from competitors.

A diverse and skilled talent pool is essential for the growth of a startup ecosystem. Mr. Mehta pointed out that ecosystems with access to highly qualified professionals in technology, marketing, finance, and operations tend to see higher startup success rates. Education and training institutions play a pivotal role in building this talent pool by offering programs focused on entrepreneurship, innovation, and skill development.

1. Regulatory Hurdles

While many governments are working towards creating a favorable environment for startups, Mr. Mehta noted that regulatory challenges still pose significant hurdles. Bureaucratic red tape, complex tax laws, and inconsistent policies can slow down the growth of startups and limit their ability to scale. Startups in highly regulated industries, such as healthcare and finance, face even greater challenges in complying with regulatory requirements.

2. Market Saturation

With the rapid increase in startups across various sectors, market saturation has become a growing concern. Mr. Mehta explained that while innovation is thriving, many markets are becoming crowded, making it difficult for new entrants to stand out. Startups need to differentiate themselves through unique value propositions, superior customer experiences, and innovative business models to survive in such competitive environments.

3. Scaling Challenges

--------------------------	-------------	----------------

Name and Type of Event/Activity	Webinar on "ETHICAL APPROACH IN RESEARCH & HEALTH CARE PRACTICE"
Organized by:	Swarnnim Start Up & Innovation University
Department	Venus institute of Physiotherapy
No of Students	90 Students
Time	11:00 AM to 12:30 PM

❖ **Brief outline addressed in the event:**

Ethics is an understanding of the nature of conflicts arising from moral imperatives and how best we may deal with it. There are four cardinal features of Ethics in Research i.e. Autonomy, non-maleficence, beneficence and justice are the fundamental principles to understand the current approach in health care department. Being a part of health care profession we have to understand that medical ethics will deal with the choices of society, the distribution of resources and access to health care, and the dilemmas which arising from them.

Venus Institute of Physiotherapy has organized a webinar on "Ethical Approach in Research & Health Care Practice" on 15th February 2021 by the resource person Dr. Mudisir Rashid Baba who is working as an assistant professor at Yenepoya College of physiotherapy, Mangalore, Karnataka.

The event started with the welcome speech by Dr. Tanvi Vyas. Consequently the Respected Principal Dr. Arvind Chauhan Sir enlightens the students regarding the importance of the research in our physiotherapy stream. The Guest Lecturer Dr. Mudisir Rashid Baba gave the valuable knowledge of an application of an ethics in daily assessment and treatment protocols of physiotherapy. She also added that how to reduce the risks of unethical responses in day to day life, the importance of research in clinical as well as in academic department of the health care. Total more than 86 students and faculty members of the Swarnnim start up and Innovation University took part in this webinar. Students were happy and Enjoy this session and also gain the informative knowledge through this webinar.

LEVER

Along with their educational qualifications and experiences, if a person has specific skills which will be specific to the job, and which will help that person to be employable for that job, is called "Soft skills". Employability depends on your knowledge, skills and attitudes and how you present them to employers.

Today, on 15th September, 2021, Venus Institute of Physiotherapy in collaboration with Association of Muslim Professionals (AMP) had organized a webinar on "Soft Skill for Higher Employability"- An Online Employability Training Program.

On this Day, We invited well known speaker, Mr. Mohammad Zamir Husain, who is a career counsellor and consultant. Dr. Disha Kapoor and Dr. Ankit Sinha (Assistant Professor, Venus institute of Physiotherapy), introduced the speaker in beginning of this session and followed by respected principal Dr.Arvind Kumar, he addressed their brief knowledge about the webinar as well as its importance and further welcomed the speaker.

Mr. Zamir started the session by discussing about “Goals and Plan” and told that Obstacles are nothing but the thing one can see when he or she take their eyes off his or her goal. He then further introduced about Interpersonal skills (IPs) and its importance during personal and professional lives. Along with that he also told that language should not be the barrier for communication because While you speak for your presentation, 55% you can explain by your bodily movements and expressions, 38% by Voice tone, modulation and pauses and only 7% is depend on your language and words.

He step by step discussed other Soft skills like Attitude, Confidence, Motivation, Problem solving and Decision making and its importance. He also explained Do's and Don'ts as well

SWARRNIM STARTUP & INNOVATION UNIVERSITY VENUS INSTITUTE OF PHYSIOTHERAPY

Venue: Seminar Hall, Swarnnim Startup and Innovation University

Expert: Mr. Shrivastav

Agenda:

- 1. Introduction (9:30 AM - 9:45 AM)**
 - Welcome Address
 - Introduction of Mr. Shrivastav
- 2. Session on Higher Education Options (9:45 AM - 10:45 AM)**
 - Overview of Postgraduate Programs in Physiotherapy
 - Opportunities in Research and Academic Fields
- 3. Break (10:45 AM - 11:00 AM)**
- 4. Competitive Exams Guidance (11:00 AM - 12:00 PM)**
 - Importance of Competitive Exams in Physiotherapy
 - Preparation Strategies for Exams like NEET-PG, AIIMS-PG, etc.
- 5. Interactive Q&A Session (12:00 PM - 12:30 PM)**
 - Open Floor for Questions
 - Closing Remarks

Session on Higher Education Options and Foreign Exams (9:45 AM - 10:45 AM)

1. Overview of Higher Education Opportunities:

- **Postgraduate Programs:** Discuss various postgraduate opportunities available abroad and within the country, focusing on specialized fields within physiotherapy such as sports medicine, neurology, orthopedics, etc.
- **Benefits of Higher Education:** Highlight the advantages of pursuing higher education, including career advancement, specialization, and opportunities for research and academic growth.

2. Foreign Exams and Opportunities:

- **International Entrance Exams:** Provide insights into entrance exams required for studying abroad, such as GRE (Graduate Record Examination),

Swarnnim Startup & Innovation University
Activity Report 2021-2022

1. Event Overview

- **Event Title:** Webinar on Competitive Exams
- **Date:** 24/10/2021
- **Time:** 9:30 AM to 12:15 PM
- **Participants:** 22 students
- **Faculty Coordinator:** Purva Gor
- **Webinar Conducted By:** Mr. Ambrish

2. Objectives

- To provide guidance and insights into preparing for competitive exams.
- To facilitate knowledge sharing among students regarding effective study techniques and resources.
- To encourage student engagement and participation in discussions about competitive exams.

3. Pre-Webinar Preparations (9:30 AM - 9:45 AM)

- **Planning:**
 - Identify the need for the webinar based on student interest and academic requirements.
 - Schedule the webinar date and time.
- **Coordination:**
 - Assign Purva Gor as the faculty coordinator to oversee and conduct the event.
 - Send invitations to students and faculty members.
- **Technical Setup:**
 - Ensure Google Meet is set up for the event.
 - Conduct a test run to check audio, video, and connectivity.

4. Webinar Execution (9:45 AM - 12:15 PM)

- **Introduction:**
 - Purva Gor will introduce the topic and the agenda.
- **Presentation:**
 - Purva Gor will provide a comprehensive presentation on various aspects of competitive exams, including preparation strategies, resources, and time management.
- **Q&A Session:**
 - Allocate time for participants to ask questions and engage in discussion.
- **Feedback Collection:**
 - Use a feedback form to gather participants' impressions and suggestions for future events.
